MINISTRY OF COMMERCE & INDUSTRY

RESOLUTION

New Delhi, the 24th March 1961

No. 22(1)-Tex(B)/60.—A Working Group for the cotton textile industry was set up in August, 1959 by the National Industrial Development Corporation with the following members:—

Chairman

1. Shri D. S. Joshi, ICS, Textile Commissioner.

Members

- 2. Shri Krishnaraj M. D. Thakersey
- 3. Shri G. D. Somani
- 4. Shri K. Sreenivasan
- 5. Shri S. R. Vasavada
- 6. Shri Ram Ratan Gupta
- 7. Shri Trilokinath Sharma
- 8. Shri N. Majumder

Member Secretary

9. Shri K. R. Aravamuthan

- 2. The task assigned to the Working Group was to examine the extent of finances required for modernisation and rehabilitation of the cotton textile industry, the element of foreign exchange involved, the finances likely to be forthcoming from the industry itself, the ways and means of securing the balance, and all other allied problems.
- 3. During the course of its enquiry, the Chairman and a few of the members of the Committee visited Japan and some of the countries in Europe for an on-the-spot study of the conditions prevailing in the advanced textile manufacturing countries. The Committee also toured important textile manufacturing centres in India and conferred with leading representatives of the industry.
- 4. The Working Group has submitted an unanimous report in which they have particularly emphasised the fact that in India the problem of modernisation has assumed its present huge dimensions largely because of the old and outmoded machinery installed in the majority of the mills and the comparative neglect of these machinery during the war years and thereafter. The main recommendations of the Working Group are embodied in Annexure I to this Resolution.

- 5. Government are broadly in agreement with the recommendations of the Working Group. Government accept the view of the Working Group that mere replacement of old, worn out, uneconomic or obsolete machines would not constitute complete modernisation. Apart from these processes, modernisation covers the introduction of modern techniques and methods and the adoption of the latest devices and management skill by which productivity and quality of production could be improved, unit costs reduced and the strain on the operatives relieved to the largest possible extent.
- 6. Government also agree with the Working Group that modernisation is not merely a question of installing the latest machinery and equipment, but is a multiphased problem which should be conditioned by the availability of finances, the degree of labour displacement and the need to ensure a minimum standard of efficiency in all units. At the same time, failure to effect timely modernisation will leave the industry including labour in a position of great disadvantage. Government, therefore, accept the recommendation of the Working Group that the immediate objective should be the achievement of a minimum level of modernisation. Certain units have already reached or even exceeded this minimum level. Such units may effect further modernisation provided they have the necessary financial resources and are in a position to accomplish modernisation consistent with the principles laid down at the 15th Labour Conference.
- 7. The Working Group has estimated the cost of a modest scheme of modernisation and rehabilitation to be about Rs. 180 crores, of which not less than Rs. 80 crores would be raised by the industry itself from out of its own resources. The industry will seek to obtain the balance from financing institutions like the National Industrial Development Corporation etc. Government appreciate and accept the vital need for modernisation and rehabilitation of this important industry. They have noted this recommendation and propose to constantly review the position during the Third Plan period so as to expedite the pace of modernisation, rehabilitation and diversification of the cotton textile industry.
- 8. Many of the recommendations of the Working Group are intended to be implemented by the industry, particularly those relating to rationalisation with the whole-hearted co-operation of labour, enlargement of the scope of third shift working as a means of absorbing surplus labour, improving managerial standards, pooling of technical knowledge and expertise for the common benefit of all units particularly the weaker ones, and the setting up of a small Committee of representatives of the industry, and Covernment to evidence the possibilities of representatives of the industry, and Covernment to evidence the possibilities of representatives of the industry and Covernment to evidence the possibilities. sentatives of the industry and Government to explore the possibilities of securing assistance from different foreign countries towards the foreign exchange requirements of rehabilitation and modernisation. The Working Group has also drawn the attention of the industry to the need for maintaining harmonious management—labour relations, providing initiative to labour to contribute to the efficiency of the mills, training within the industry and maintenance of healthy service conditions for technicians. The Government commend these suggestions to the industry and hope that immediate efforts will be made to implement them.
- 9. With regard to the role of the National Industrial Development Corporation in the process of modernisation and rehabilitation, the Working Group has made a number of recommendations particularly in respect of the liberalisation of the terms and conditions and scope of financial assistance given by the National Industrial Development Corporation to the industry. It has also been suggested that it would be necessary and advisable for the National Industrial Development Corporation and public financing agencies to issue sizable amounts by way of equity capital to mills. These recommendations are under the consideration of the Government.
- 10. The Working Group has suggested that it would be advisable for the National Industrial Development Corporation to have a small strength of selected personnel who could be formed into a recognised cadre in due course for being deployed as Resident Directors or Controllers of Mills which are taken over by Central or State Governments from time to time or which have carried out large rentral or State Governments from time to time or which have carried out large programmes of rehabilitation with the financial and other assistance sanctioned by the National Industrial Development Corporation. In the context of prevailing conditions, Government do not think that there is any inadequacy in the technical and organisational manpower resources of the textile industry. However, Government would keep in view the need for organising training programmes for such personnel and for forming a separate cadre of officials under the National Industrial Development Corporation, should such need arise,

- 11. The Working Group considers it necessary that a continued examination of the causes of closures, losses and unsatisfactory working of less efficiently working textile units should be made. It has recommended that this diagnosis may be done by a small representative group consisting of the top level management, top level technicians, labour representatives and Government representatives. This Group may be designated as the Textile Mills Standing Advisory Group or Committee. Government accept this recommendation and steps will be taken shortly to appoint this Committee.
- 12. The Working Group has rightly drawn attention to the inevitability of a certain amount of rationalisation in the process of modernisation. As the problems of rationalisations are bound to differ from mill to mill, the Working Group has recommended the setting up of a suitable machinery which could analyse and help to resolve the problems of each individual mill. Government accept the need for such a timely analysis and a suitable machinery is being set up for this purpose.
- 13. Another important recommendation of the Working Group is with regard to the revival of closed mills under Government auspices or any other suitable agencies. The Working Group has recommended that simultaneously with the continual running of such units by authorised Controllers of State Governments or Central Government or any other suitable agencies, there should be a process of compulsory liquidation so that the assets and liabilities of the old unit are available to the labour and other creditors, management and the shareholders. Government accept this recommendation in principle. The problem however is one which bristles with practical difficulties and will need comprehensive examination.
- 14. The Working Group has pointed out that where rehabilitation of a unit is not worthwhile, the unit should be compulsorily scrapped and that the provisions of the Industries (Development and Regulation) Act may be suitably amended so as to ensure that in cases where the mills' plant and machinery are irretrievable, compulsory scrapping may be enforced and such scrapped machinery should not be permitted to be utilised elsewhere. Government are in agreement with the Working Group on this recommendation.
- 15. The Working Group has recommended that licensing of new capacity in lieu of capacity voluntarily or compulsorily scrapped should be allowed at the same place or in the same centre or in any other centre within the same State in consultation with the State Government concerned. Government have already been following this principle in dealing with applications for new mills.
- 16. In order to protect the interests of the users of the indigenous machinery and ensure proper quality of such machinery, the Working Group has reiterated a suggestion that an Inspectorate of Machinery should be set up in the office of the Textile Commissioner. Necessary steps for the setting up of such an Inspectorate are already underway.
- 17. The recommendation of the Working Group with regard to the restoration of the third shift depreciation allowance is under Government's consideration.
- 18. Government accept the Working Group's proposal that 5 new units with a capacity of 25,000 spindles and 500 looms each and equipped with up-to-date types of machinery including processing equipment should be allowed to be set for production of faultless cloth on automatic looms subject to the condition that the entire or a large part of the output should be compulsorily exported.
- 19. The Working Group has recommended that labour laws should be amended in those States where more than one Union is recognised at present so as to enable the management to negotiate a settlement with only one Union as spokesman of the labour. The Ministry of Labour and Employment are alive to this problem and steps have already been taken which would largely meed the point of view urged by the Working Group.
- 20. The Working Group has suggested the creation of a "Closure Fund" out of which payments could be made to scrapped units as a sort of compensation. It is felt that the creation and administration of such a fund would give rise to some practical difficulties. There is also provision under the present regulations, for the grant of retrenchment benefits to the workers of such units. However, this recommendation will be further considered by Government.

ANNEXURE I.

Summary of main Recommendations of the Working Group for the Cotton Textile Industry 1960.

- 1. Renovation or re-construction of buildings should also be integral part of modernisation (para 17).
- 2. Mills which are already modernised may also modernise further provided they have the necessary financial resources and are in a position to accomplish modernisation by following the principles laid down at the Fifteenth Labour Conference (Para 25).
- 30. The Working Group are firmly of the view that the essential expenditure on spare parts should be the first charge on foreign exchange resources and should be adequately met (para 42).
- 4. In order to protect the interests of the consumers of the indigenous machinery and ensure proper quality of such machinery, the Working Group concur in the proposal of the Ad Hoc Committee for the setting up of an Inspectorate in the Office of the Textile Commissioner (para 55).
- 5. As far as possible, licences for new capacity issued on the ground of closure of units which should be scrapped voluntarily or compulsorily should be allowed at the same place or in the same centre or in the alternative in the same State in any other centre with the consent of the State Government concerned (para 70).
- 6. On principle, the Working Group do not consider that allocation of additional capacity should be governed by the volume of surplus labour on account of rehabilitation and modernisation of the industry in each of the parts of the country (para 71).
- 7. It will help reduce the size of the problem of surplus labour if provision is made for suitable gratuity on superannuation. In addition, compensation by agreement may be provided for to achieve a further measure of rationalisation (para 76).
- 8. If third shift working is resorted to absorb the surplus workers, labour has to be assured of continuity of service in third shift and if third shift is discontinued, the obvious course is to restore status quo ante (para 77).
 - 9. The Working Group would suggest that as far as possible third shift working should be encouraged to enable a speedier rehabilitation and modernisation of at least some of the sections of the textile industry which require such a measure as a matter of urgency (para 79).
 - 10. The time has come to cry a halt to any further recruitment of textile workers in the textile industry in the different centres as far as possible. A rigid Badli list should be maintained in each area and persons should be put in this list only through the Employment Exchange where it exists. Simultaneously the decasualisation scheme should be applied so that one could take stock of the position to ensure that workers found surplus are found alternative jobs (para 80).
 - 11. The Working Group recommend that some machinery should be devised as recommended by the Textile Enquiry Committee (1958) to settle questions of rationalisation unit by unit (para 81).
 - 12. There have been also some cases of deliberate mismanagement with no consideration on the part of these managements either for the shareholders or for the workers. Such managements have no place in the industry. It is in the interests of the industry if such people can be weeded out so that the industry can be built on strong and stable foundations (para 84).
 - 13. The Working Group would suggest to the industry itself to re-model their managerial standards and improve them by collective thinking and pooling of knowledge. The method of selection for supervisory and managerial positions should also require toning up (para 86).

- 14. In cases where the industrial units cannot afford the services of good technicians, a group of mills in one locality should employ a technician of high calibre as a common Technical Adviser (para 91).
- 15. In cases of mills where it is not possible to have independent technicians of high calibre, the Working Group would suggest formation of a panel of technicians in various Branches of the textile industry and the names of these technicians should be circulated to all mills and individual mills should be free to draw on their services as and when necessary (para 92).
- 16. The Working Group are of the view that on balance of considerations, the minimum economic and workable unit of a textile mill in the present conditions should have 12,000 spindles and 300 looms. While this is the absolute minimum capacity, the Working Group also suggest that the industry could, as far as possible, go up to the level of 18,000 spindles and 400 looms in due course with further increase to about 25,000 spindles and about 500 looms. In giving this opinion, the Working Group are guided by the fact that the industry is slowly roing in for finer counts (para 113).
- 17. As an experimental measure the Working Group recommend the setting up of five new units with a capacity of 25,000 spindles and 500 looms each and equipped with up-to-date types of machinery including processing equipment. These units would produce faultless quality cloth woven on Automatic Looms, the entire output to be compulsorily exported (para 115).
- 18. It would be both necessary and desirable to provide the necessary loan capital for rehabilitation and modernisation at very reasonable rates with liberal concession in the matter of instalments and repayment (para 120).
- 19. The Working Group would suggest that as far as possible for a project in a mill, the mill company should be facilitated to approach only one lending agency (para 124).
- 20. In the matter of grant of loans, the approach should as well be one of constructive help sought to put the industrial units back on their footing by remedying the defects rather than one of rejecting the loan on account of such defects. The industry on its part should not hesitate to accept the remedial step suggested in whatever terms the loaning authority cloths the terms and conditions (para 124).
- 21. It would also be necessary and advisable for the N.I.D.C., and Public Financing Agencies to issue sizable amounts by way of equity capital to mills for rehabilitation and modernisation. Simultaneously the mills have to reduce costs in all directions (para 127).
 - 22. The Working Group suggest for consideration that the third shift deprecian allowance may be restored (para 128).
- 23. A small Committee consisting of representatives of the industry and Government should explore and assess the probabilities of securing assistance in the different foreign countries towards the foreign exchange requirement for rehabilitation and modernisation. The Indian Cotton Mills Federation and the Southern India Millowners Association may be asked to process this recommendation further with the assistance of the Government (para 129).
- 24. Where rehabilitation of any unit is not worthwhile, it is necessary that the units are compulsorily scrapped (para 133).
- 25. Complete closure of units for a long time hardly safeguards labour's interests. It should, therefore, be for the benefit of labour also if some major solution is found in such cases. The remedy should be that if the unit is worthy of running a new, a new party will be willing to come provided it is made free from any encumbrances attached to the old unit. The object can be accomplished by compulsory liquidation of the old unit simultaneously with public authority running it pending some new party coming in to buy over the unit. This ensures continuity of employment and at the same time the old load is taken off the new management (para 138).
- 26. Of the 39 units remaining closed, 20 units as in Annexure VI, are such as cannot be revived. The Working Group are of the view that these units should be scrapped wholesale. The remaining 19 units should be investigated into and assisted to the extent possible so that they could be rehabilitated and brought back to working (paras 139 to 141).

- 27. The Working Group recommend the law on the subject may be suitably amended so that in cases where mills' plant and machinery are irretrievable, compulsory scrapping may be enforced. National interest would justify the scrapping of the machinery which cannot and should not be utilised elsewhere (para 144).
 - 28. By and large the Working Group agree with the new that while existing mills having machines of less than 20 years old need not be forced to replace their machinery, units which are newly set up under licences either against scrapped unit or against fresh capacity including substantial expansion should not be permitted to instal out-moded old machines. For this purpose, the Group would classify machines prior to 1947 as out-dated (para 145).
 - 29. After anxiously considering the legal provisions for revocation of licences 29. After anxiously considering the legal provisions for revocation of licences for good cause, the Working Group think that the best results can be achieved by offering some inducement for the old units to go out. The solution suggested is an element of compensation or "closure fund". The Working G.oup consider a compensation at Rs. 10 per spindle and Rs. 400 per loom may be the inducement. This amount can be easily found by levying some kind of licence fee premium on new licences or expansions. This is possible in Indian conditions as there will be the need to licence additional capacity in the industry during the Third Five Year Plan (para 147).
 - 30. The Working Group consider it necessary that a continued examination of the causes of closure and sickness of textile units should be made. This diagnosis may be done by a small representative group consisting of top level management, top level technicians, labour representatives and Government representatives. This Group may be designated as Textile Mills Standing Advisory Group or Committee. (para 152).
 - 31. The Working Group do not see any reason why the Company Law Administration should not enforce regorously the relevant provisions of the Companies Act so that delays in the publication of Balance Sheets and Annual Accounts are avoided. Such delays are, in the opinion of the Working Group, pointers to the existence of inherent maladies (para 153).
 - 32. The Working Group consider that it would be advisable for the N.I.D.C. to have a small strength of selected persons who could even form into a recognised Cadre in due course for being deployed as Resident Directors or Controllers of mills wherever such appointments are necessary (para 154).
 - 33. In a number of cases where Government may appoint an Authorised Con-33. In a number of cases where Government may appoint an Authorised Controller or run a unit on arrangement of lease, the benefit of any improved management would merely go to the old management which was responsible foringing the unit to ruin. This is hardly fair for the community. It is for the reasons that the Working G.oup are recommending that simultaneously with the continued running of such units there should be a process of compulsory liquidation so that the assets and liabilities of the old unit before it was taken over are available to the labour and other creditors, management and the shareholders (para 159) (para 159).
 - 34. Unless a continued and healthy atmosphere of mutual understanding is created between the labour and management, it will be difficult to attain useful results whatever be the improvements made in other directions (para 169).
 - 35. The Working Group consider that as a measure of utmost urgency the labour laws would require to be amended in those States where more than one union is recognised at present so that the Management may jointly or severally negotiate a settlement only with one union as spokesman of the labour (para 160).
 - 36. In foreign countries visited by some of the Members of the Working Group it has been found that many of the improvements on machine introduced in mills have been brought about by suggestions from the operatives. The Working Group would recommend the adoption of similar system of inviting suggestions from operatives with monetary inducements following the acceptance of the suggestions (para 160).

- 37. The Working Group are convinced that by and large, as a matter of policy, the industry has not as yet introduced the system of training of their workers. If proper training courses are started and if appropriate trainings are imparted, it will eventually be good to the industry as productivity will go up. A small percentage of the machines in the different sections may even be kept separately to provide the necessary training. The training of workers at plant level will improve the skill of workers and make them adapt themselves to working on modern machines and create better work consciousness (paras 161 and 162).
- 38. The Working Group would suggest that there is a need for cleating a healthy condition for the technical cadre in the matter of promotions, etc., and instilling in them an assured feeling of security of service. High grade technicians actually serving in the industry should be enabled to serve in a panel in each centre so that weak units could draw on the advice of the panel ad hoc whenever such advice is necessary (para 163).

A. L. T. U. C. SATYA PAL DANGS I.R. N. Date. 15 1 106 1961 The Printing Labour Lew and the Security of Service 'Fear of the morrow', 'Fear of Losing Che's job' constantly haunts an industrial worker in our country, even though the theory 'Hire and Fire' no longer holds the field. An industrial worker may lose his job in a number of ways. I. The management may decide for any reason whatsoever I. The management may decide for any reason whatsoever
to close down the concern and discharge all the workmen.
Such a step may do serious harm to the economy of the
country besides resulting in unemployment for many. Yet k no
action can be taken against the employer because the rint
to carry on a business(or not to carry on the same) is a fundamental right guaranteed by the Indian Constitution.
All that the discharged workmen are entitled to is respectively
relief at the rate of 15 days wages per year of service besides
the month's notice or pay in lieu thereof, as provided in the
Section 25 FFF of the Industrial Discutes Act. (ID ACT);
If the management can show that the closure was for reasons
beyond their control, the maximum compensation that a discharged beyond their control, the maximum compensation that a discharged workman would get would be equal to his three months wages only. Workmen can of course raise an industrial dispute about the bona fides of the closure and the appropriate Govt may refer such a dispute for adjudication. But even if the adjudicator finds the closure to be malafide , he cannot order the management to re-start the businessy. Reinstatement of the discharged workmen can be ordered by an Industrial Tribunal or Labour Court, only if it is found . that the closure was a fictious one and in reality there were is no closure. II. The management may retrench a number of workmen as The I.D.Act has placed some restrictions on the employer's Ordinarily, retrenchment must be effected on the basis of "last come first go", as required by Section 25 G of this Act.
This means that the employer cannot choose workmen for retrenchment according to his likes and dislikes and with a view to get rid of tride unionists. He must retrench the juniormost in the catagories in which retrenchment is to be effected.

Secondly, retrenched workmin have to be paid retrenchment compensation at the rate of 15 days' wages per year of service as provided in Section 25 F of the Act. The same section requires a month's notice of pay in the lieu thereof to be given. Obviously, these provisions of law do not restrict the employer's right as such to retrench. Ley only lay down a procedure which ordinarily has to be followed (Last come first go) and provide for some relief to those retrenched. There is no law at present which prohibits the employer from effecting retrenchment or making it obligatory g for him or for the Government to provide alternative employment for the retrenched work en. Workmen can, of course, raise an industrial dispute about the justification of retrenchment. If the appropriate Government refers such a dispute for adjudication (and it may not). the adjudicator will see if there really is a case for effecting retrencement. He can order reinstatement of the retrenched workmen, if he finds that retrenchment is not justified. Not in many cases, however, can the workmen hope to get retenchment set acide by adjudicators. It transment will be held to be ju tified not only when the employers can prove losses or financial difficulties or decre se inorders, atc. he Supreme Court has laid down that retrenchment is justified even when it is effected as a part of some rationalization means to effect economy in cost of production, etc.i.e. when it is effected to increase profits. (could.)

The Supreme Court, toc, in a number of judgements has held that before dismissing a workman, the employer must held an enquiry in accordance with the principles of natural justice. This means that (i) SPECIFIC charges must be framed against the workman and he must be informed of them in writing; (2) Evidence in support of the Charges must be led in presence of the workman who must have the right to cross excuring the witnesses produced against him and to produce wisnesses in defence, atc.

All this, however does not provide adequate security to the workman against wrongful and vindictive dismissals on the basis of trumed up charges. This is so for the following. among otnerx, receous.

1. Enquiry is not hold by an really independent person. The prosecutor and the judge are virtually the same person. .

2. During the enquiry, the employer is represented by a well educated officer who knows the art of examination and cross examination of the mitnesses while the worker-more often than not an illiterate person-does not have the right to be represented even by an office-bearer of his trade union.

Often the worker is not even sure that the enquiry

proceedings are being correctly recorded.

3. The dismissal order can be challenged only through an industrial dispute. It has been held in the runjeb that at least 40 per cent of the total workman of the establishment must espouse the cause of a dismissal workman for the his individual dispute to become an industrial dispute.

In many cases, especially where workers are not yet organised, the individual dispute of the dismissed wor man does not get converted into an industrial dispute and he has no remedy howsever group and universified his dismissally may be.

4. Even where the northest succeed in resing an industrial dispute, the appropriate Government may or may nor refer the

same for edjudication.

the Covernment refuses to refer the dispute, there is

little that the workmen can do under the present law.
Out of dozens of industrial disputes regarding

dismissals raised by the Textile Mazdoor Dkta Union(Abgta) santia Amritagr.for instance, not one has been referred for adjudication by the State Government ever since the Labour Portfolio was handed over to the present Labour Minister, Thri Moham Jal. In every case the Covernment is satisfied that the workmen has been dimiss d ri htly and after a fair enquiry. This is what the Union has been told oven in cases of blatant victimisation.

5. Even if the case of a dismissed workman gets referred

for adjudication, scales are wis hed against him.

The Sppr me Court has laid down that the adjudicator must not sit in appeal over the decision taken by the management, must not try to substitute his own judgement in place of the judgement of the management.

an adjudicator may interfere only(1) when there is went of good feith, (ii) when there is victimination or unfair labour practice, (iii) when the management has been guilty of a x basic error or violation of a principle of natural justice, and (iv) when on the materials the finding is completely baseless or perverse.

could,

A clever employer can easily managem to level false Exercises or exaggerated charges and prepare a record of enquiry which will appear to be flawless, the adjudicator will have have & right to interesere in such a case.

An adjudicator cannot set acide the order of dismissal on the ground that the punishment of diamissal is too harsh in view of the nature of the proved misconduct. The employer is the sole judge to decide as, what punishment should be meted out once a

misconduct is proved.

In a very recent case the Punjab High Court has decided that when there are no standing orders defining 'misconduct', the employer is the authority to decide minimum whether a particular set is misconduct or not and an industrial tribunal should not interese in that.

On the other hand, even when the enquiry is found to be defective or when there was no enquiry at all, the adjudicator cannot order the reinstatement of the dismissed worker on that ground alone. The employer has the 'right' to lead fresh evidence before the adjudicator and prove that the dismissal is justified.

Ffrom the above it is obvious that the principles laid down by the Supreme Court do not do much real, social justice to the workmen whose jobs remain insecure, even though the 'right' of

employer to HIRE AND FIRE is no longer recognised.

IV. The Standing Orders and Service Rules of a number of establishments provide for what is known as templation simpliciter. This means that the services of any permanent workman can be templated at any time after giving notice as provided in the relevant standing order or rule. In certain cases was reasons are required to be communicated while in others even that is not necessary.

It has been held by the Supreme Court that termination simpliciter is not punishment and therefore it attaches no stigma to a workman whose services may be thus terminated. This means that there is no question of charge-sheeting the workman or proving the

misconduct.

The question as to whether or not termination simpliciter amounts to retrenchment as defined in Section 2(00) of the I.D.Act recently debated by the Punjab High Court. The High Court has answered this question in the negative. This means there is no question of x employer complying with the provisions of Section 25 F of the I.D.Act in cases of termination simpliciter.

This constitutes a serious threat to the ascurity of service

This constitutes a serious threat to the escurity of service of workmen. The marked services of a workmen, who may have to his credit 2 say 20 years service, may be thus terminated without the employer having to pay a pie as compensation. Theirse cr being called upon to prove any misconduct on the part of the market workmen.

That such a termination does not involve any stigma can provide but little consolation to the workman. Legal brains may not appreciate but the fact is remains that there can be no bigger purishment or calamity for a workman than the termination

of his services, even though simpliciter.

In some recent judgements, the Supreme Court has held that adjudicators have the right to go behind orders of termination simpliciter, to see what if such an order is in reality a clock for x dismissal max forsome miscondeut. In such cases adjudicators can award the relief of reinstatement.

This no doubt is helpful to he workmen to some extent. In cases, however, in which termination simpliciter is found to be really termination simpliciter, a Labour Court or an Industrial

Tribunal cannot interefere. (cauld).

(5) Standing Orders and Service Rules providing termination simpliciter be declared mull and void.

If industrial workers in our country texkare are a really to have socurity of service to any appreciable extent, these minusum demands must be fulfilled.

The Executive consistee of cloth Estachari Union and on 25.6.61 at 4 P.V. under the presidentahip of thriculate for and discussed the reports of representatives who went to participate in the negotiations meetings called by the Labour commissioner N. . Kenjur and A.L.C. pearst and has come to the following conclusions:-

- 1. hat the employers are neither serious about the negotiations nor they seem to be worried because of the easy going "wromasive" methods of the levt and ment to delay the deadlook and tirdout the sorkmen.
- that the employers in the meentine are making efforts to break the novement by various legions including organising of provocation and disruption among break are which they have infough not succeeded yet such efforts continue.
- peper than the other hand the loverment and the labour peper than t without taking any effective steps towards ending the present deed lock continues the unending and tiring negotiations which in the long run prolong the dood lock.

The working committee does not ignore the fact that changing grounds and positions of the emplo ere from time to time in these negotiations have further handicapped the negotiations and the authorities constined become helpless because of the sense but it in no way helped the workers till date.

under the circumstances the working committee feels that further intensification of the movement is extremely essential but it should start only after the results of the negotitations fixed for 27.5.61 do not end in favourable terms.

I am writing with seference to the successful award we got for se-instalement with heick-wags in Pudukko tak Texteles Ital which was closed down and the opened to liquidate our huion, about which com Ramamoorky referred during his seport on the work of Commission on TO rights, in the ATUC.

To-day we read from parties that
the management have filed a writ in the
Supreme Court and got arystay of the award.
So the main stay petition must have been posted
tor some day. We thought he would file in the
thigh Court and had arranged to appear even
at the admission stage and make it a stay
conditional to payment of the awarded
monetary relief to the workers. The management
tearned this and to avoid us, have resorted to
Supreme Court thinking that this will be
ont of our reach furancially and otherwise
and get a stay taking us unawares, and
use it to disrupt the truth of the starving

SUBJECT: MEMORANDUM OF GRIEVANCES AND DEMANDS OF THE WORKERS OF RAMGOPAL MILLS, SECUNDERABAD.

RESPECTED SRI NANDAJI.

The General Council of the D.B.R. Mills' Workers' Union has directed me to submit the following memorandum of our grievances and demands to you, and, to seek an interview with you for our deputation, when you visit this city in the third week of this month in connection with the All India Tabour Seminar.

The Dewan Pahadur Ramgopal Mills Ltd., is in the context of the industrial devlopment of Andhra Pradesh, a major textile unit with a share capital of & 18 lakhs 0.S. with a total annual production of about a crore rupees worth of cloth and yarn, working about 36,000 spindles and 503 looms of recent make and employing above 1,800 workers in this capital city of Andhra Pradesh.

But, the workers of the mills are perhaps the lowest paid workers in the textile industry in the country. A comparative picture would perhaps give a clearer picture of the appallingly low level of wages prevailing here:

	Min. B.W.	D.A.	Total
D.B.R. Mills, SEcunderabad.	25=50	30-13-9	56-5-9.
Azamjahi Milis, Warangal, A.P.	30=00	47-0-0	77-0-0
Halatha Mil's, Guntur, A.P.	30=00	63-0-0	93-0-0
Rayal assema Mills, A.P.	27=75	57-0-0	84=75
Bombay	30=00	98-0-0	128-0-0
Coimbatore	30-00	75-0-0	105-0-0

Thus the wages in our mills are the lowest in the country even in the Andhra Pradesh.

STANDARDISATION: The above wages are not standardised either what we have here for piece-rated workers, is an obsolete formula, reminiscient of the days of the autocratic rule of the Nizam. Old Sholapur rates in O.S., less 5. That is the formula since 1949. In plain and simple language it means that the rates are $242 \neq 3 = 21$ less than Sholapur rates.

It may be pointed out that a Standardisation Committee had been appointed by the erstwhile Govt. of Hyderabad in 1953, but for some reason the Committee wounded itself up after issuing a questionnaire. Even the Wage Board appointed by the same Govt. for the textile industry attempted Standardisation, but that did not come about. Only in the Andhra region of the state, the mills follow the Madras pattern of Standardisation.

Thus from the last twelve years the workers are getting 21 2/3 gless and it is high time that this basic revision takes place and a standardised structure evolved in conformity with any of the standardised satter structures of the textile cetures: Bombay, Coimbatore etc.

But this demand for standardisation, though just and legitmate, has not been heeded by either the employers or the State Govt., despite the fact that it has been put forward since more than one year and two months ago today, a little before the recommendations of the wage Board were published. As far as the State Govt. is concerned, it has adopted a passive attitude in this matter on the plea that at least after the recommendations of the wage board, the question of standardisation is the province of the Central Govt.

However, the workloads are the highest in these mills than anywhere in India. Thus today we have 4 sides to a spinner in the Ring Frames, two sides to a speed frame worker and so on high in every categorie. What is unique here is that the high workloads are worked on low counts of los to 30s which makes the starain of work harder. Thus whereas the Joshi Committee and the tri=artite formulae on rationalisation have laid down certain principles, our employers observe them in the breach. Thus, while all over four looms in weaving are not run on counts lower than 30s, here we have even to work on 14s and 18s.

Every other year, the workloads have been increased, but without caring for the principles of a commensurate increase and bearability of strain and effect on the productivity

Further, we are not aware how much good cotton is made available to our mills through proper license, But, we note with great dismay that we are being made to work more and more on low grade cotton, with increasing admixture of the waste from the spinning and other departments, which further increases the strain of work on us. Be that as it may.

However, our greatest worry is that the D.A. paid to workers here are the same as awarded in 1952. Moreover, it is a fixed D.A. at &.30-13-9, without any link to the cost of living index. At the time that this DA was awarded by the Industrial Tribunal and sustained by the LAT, the DA in other industries and concerns in textiles were at B. 26/= and we got & 10/= higher DA . Subsequently the Wage Board appointed by the then Hyderabad Govt. and the Two Man Committe of Sarvashri S.R. Deshpande and Hanumanth Rao, had strongly recommended a higher DA. The latter suggested \$.65/ as total emoluments to the unskilled with a neatralisation at the rate of 2 as per point above 1956 cost of living index. Today, the National Wage Board for Cotton Textiles have also recommended strongly an adequate neutralisation and linking of the DA to the C.I. But, this matter which has received such importance and priority has been relegated to the backge ground by both the State Govt. and the employers.

How very depressing are the DA levels may be seen fully from a comparative study:

Rayalaseema Mills, A.P. \$57-0-0
Hemlatha Textiles, Guntur, A.P. \$363-0-0

Bombay is. 98-0-0 Coimbatore is. 75-0-0

Everwhere else, except in the D.B.R. Mills, the D.A. is linked to the C.L.I. The rates of neutralisation, of course vary and the rate in Coimbatore is to rise in stages to make up full neutralisation in the course of three years.

COST OF LIVING has been steeply rocketing. When the present D.A. was awarded, the C.L.I. (with base year 1943-44=100) was about 132. In 1959 it was at 149; 179 in 1956; 191 in 1958 and 207 in 1960. Today, it is higher still. The cli of 207 converted into cli with base year 1939* 100, will be 517!

If, according to your speech in Parliament, the real wages of workers hade fallen and now have just about arisen by a percent or two, we are afraid the same cannot be true of the workers in the DBR Mills. The steepest fall in real wages is in the last ten years

On the other hand, the production has almost doubled in these ten years, with lesser number of workers and increased workload: The normal production in three shifts was about 62-63 lacs worth of cloth and yarn 1949-50 is now about 1 crore worth in 2 1 shifts, with only 6,000 spindles increased and about 200 looms.

Other benefits in the mills are also lacking. Thus it is almost 8 years since we had any Bonus. (in 1956 there was a 13 days bonus) There is no Gratuity Scheme worth the name and even workers with decade and half of service in the mills have to go abegging for paltry ex-gratia payments of \$50-75! There is discrimination between the time-rated and the piecerated in the annual holidays with pay. Hundreds of casual and temporary workers are compelled to work for permanent jobs, without making them permanent for years and using them as pawns in the game for workloads intensifications. Women workers are being slyly reduced.

In view of these conditions, the workers seek your interest and intervention to get their conditions improved and suggest the following measures:

- 1. An immediate increase of DA to \$35/= to all workers as paid to staff and linking of the DA to the CLI in such sliding scales that we are able to achieve full neutralisation, say in next 5 years.
- 2. Setting up as immediately a machinery for fixing up proper workloads and standard wages in uniformity with other textile centres. A ban on any interim workloads increases.
- 3. A high level investigation into the industry's demands

contd

depands for cheaper electricity and cheaper coal to keep them in good competitive standing with other textile units in the country, and consequential aid.

We solicit your continued interest in our progress and immediate and effective intervention to secure it.

Thanking you,

Yours truly,

SUBJECT: WAGE BOARD FOR COTTON TEXTILES— NON IMPLEMENTATION REGARDING DEARNESS ALLOWANCE.

REFERENCE: YOUR LETTER NO. Dy. WB. 947/61 D730-3-61

tement by S i r, and the second on the large second

This is to acknowledge receipt of your letter requiring us to send copy of Memorandum regarding DA, mentioned in our telegram to Sri Gulzarilal Nanda dated 16th March 61.

While enclosing copy of the memorandum mentioned, I am to further clarify the position regarding DA obtaining in the mills and the suggestions made by the Union from time to time.

The DA paid here is fixed at \$30-13-9, consequent to an Award by the Industrial Tribunal and is unchanged since 1952. To date the recommendations of the Central Wage Board have not been implemented. Even earlier, the State Governmented appointed a Two Man Committee, consisting of Sri S.R. Deshpande and Sri Hanumanth Rao, Judge, to specifically go into the cuestion of paying capacity and give recommendations. This committee had recommended a DA of \$39/ at 1956 level of prices and a 2as increase for every point rise in C.L.I. over the 1956 index.

Thus these miles have implemented neither recommendations and are perhaps the only miles of this size in the country where the DA is not linked to the C.I.I.

Prom our memorandum it could easily be noticed that we get the lowest DA, in Andhra Pradesh itslef, let alone comparison with other textile centres like Sholapur, Bombay Ahmedabad, Coimbatore etc.

But the C.T.I. is high. On the basis of 1939 base year as 100, the C.T.I. now works out to almost 517. The urgency in the cuestion is obvious!

The Union on the other hand, has been suggesting and stressing for a practical and reasonable solution:

1. An IMMEDIATE DA of %.35/= to all workers, which is now given to the mills staff, pending working out of a formula for link up of DA with CLI. In this regard, the Union had suggested the method accepted in the Coimbatore Agreement on the Wage Board recommendations - of raising the rate of neutralisation every year for five years, when we should be able to reach the full rate of neutralisation. We take this as the method of maintaining=giving security to workers and maintaining stability and peace in the industry.

We are absolutely certain that persuasion from your end, even before the Statute is underway, will go a long way in securing us the implementation of the recommendations of the Wage Board.

D. B. R. Mills' Workers' Union A.J. AND DESCRIPTION

page two

The other question agitating us is the question of Standardisation of Wages.

In the days of the Mizam, O.S. currency was current. The Wages at so were in O.S. and the Standard wages adopted were according to the Standard wages in Sholapur, but in U.S. and at 5 -1 ess. This makes it 21 2/3 -1 ess than the Sholapur Standardisation, which is unfiar, especially after the financial integration of the state in the entire financial and econmic structure of the country. This 14 year old legacy should also be removed and the workers of this mil's given justice.

I may add that even in this regard, this work mills is also about the only mills in the country with no upto date

Standardisation. This makes the discrepancies in the earn gs of the workers great as compared to other centres and tends to make it mobile, affecting the efficiency and production. Indeed it is tragic but true that in the last 2 years or less more than 500 workers (permanent hands) have left the mills on their own or on medical grounds. media pages

It is certainly with great hope that the workers look on the action by the 'nion ministry of Labour to secure them URGENT RELIEF and early implementation of the wage Board recommendations.

Sri Gulzarilal Manda,
Hon. Minister for Labour & Pranning,
Government of India,
N E W D E L H I

Sir.

The General Council of the D. B. R. Mills' Workers' Union has directed me to submit the following Memorandum to you and seek an interview with you for its delegation, when you visit this city in February 1961 for the inauguration of the All India Labour Seminar.

The Dewan bahadur Ramgopal Mills is an old concern of standing, employing about 2,000 workers and producing about a Crore rupees worth of cloth and yarn annually on 36,000 spindles and 503 lo looms. For decades it has had a export market in Mid East, bringing valuable foreign exchange of 8.60-70 lakhs annually.

But, the workers of the Dewan Bahadur Ramgopal Mills are perhaps the lowest paid in the textile industry in the country. even after the partial implementation of the recommendations of the Wage Board for Cotton Textiles in regard to the Ad Hoc increase of Rs. 6/- as recommended for this area.

The following are the comparative figures of wages, exclusive of the Ad Hoc increase:

c D.A.	Total
30-13-9	56-5-9
48-0-0	78-0-0
63-0-0	93-0-0
62-0-0	89-12-0
75-0-0	105-0-0
40=33	74=50
102-00	132=00
	30-13-9 48-0-0 63-0-0 62-0-0 75-0-0 40=33

Before 1958, the Calcutta textiles paid the lowest, now our workers get the lowest wages amongst the textile workers in the country, even in Andhra Pradesh.

As is seen, the Dearness Allowance is fixed at 30-13-9 and is not linked to the C.L.I. The same 30-13-9 is continued since when it was awarded by the Industrial Tribunal, when the Cost of living index was at 132 with 1939 base year =100. The Cost of living index has been steeply rocketing. It was at 149 in 1955, 179 in 1956, 191 in 1958 and 207 in 1960. If the same is converted into C.L.I. with base year 1939=100, then the C.L.I of 207 would be equal to 517!

It may be worth recalling that the two Committees set up by the Covernment of the then Hyderabad State: The Rege Committee and them in 1949 and the Two Man Committee of S.R.Deshpande and Fanumanth Rao in 1956 recommended specifically linking of D.A. to C.T..I., though at different rates of neutralisation. None of these have been implemented by these mills.

Now it is the recommendations of the Wage Board. It is certain that unless the Government intervenes in favour of the workers' struggle for its implementation, the Wage Board recommendations will also go unimplemented.

STANDARDISATION OF WAGE STRUCTURE:

The other matter deeply agitating the workers is the matter of standradisation of wage structure. What prevails now is an obsolete formula based on Sholapur Standrdisation — in U.S. orrency at 5 wless i.e. 21 2/3 wless than the old Sholapur standrdisation. Could industrial truce contemplated by the wage Board ushered in, without a solution to this question? And yet the State Government too shelves this question on the plea that Standrdisation and rationalisation are now the province of the Central Government, and it could take no action, not even appoint a standardisation committee without central directives!

However, the workloads are the highest and have been increased from time to time, each time without any commensurate increase or study, trampling upon the principles enunciated by the Wage Board or the 15th Tripartite Indian Labour Conference concerning Rationalisation. Thus we have 4 sides to a spinner 2 sides to a speed frame, 4 looms to a weaver etc. But, what is unique is that these high workloads are performed on counts from 10 to 30s thus straining the worker and effecting production. Thus while workers are made to work harder on low counts and used cotton, high quality licensed cotton is surrendered and surrendered money earned.

Other facilities are also extinct in the mills. Thus there is no gratuity scheme. Workers with 14 years service have to go abegging for a paltry ex-gratia payment of \$50-75! Hundreds of casual workers are made to work on permanent jobs for years together.

Under these hopeless conditions, the workers earnestly hope for your interest and intervention to get their conditions improved and suggest the following measures:

- 1. An Immediate Dearness Allowance of \$35/= to all workers as apid to the mills staff; and linking of D.A. to the C.I.I. at such sliding rates of neutralisation that we are able to reach the formula for full neutralisation in 5 years time.
- 2. Setting up of machinery for fixing up proper work oads and standard wages in uniformity with other textile centres.
- 3. An investigation into the Hills' demand for cheaper electricity and coal to keep them in good competitive standing with other textile units in the country, and consequential aid.

We solicit your continued interest in our progress.
Thanking you,

SUB: IMPLEMENTATION OF WAGE BAORD RECOMMENDATIONS
IN The 8. B. R. MILLS., SECUNDERABAD.

Sir,

We are once again compelled to seek your guidance and help to get the conditions of the D.B.R. Mills' workers' improved by the implementation of the recommendations of the Textile Wage Board.

As you are well aware, the recommendations of the Wage Board in the matter of Dearness Allowance: linking it to the cost of living index- has not been implemented here in the D.B.R. Mills. The DER is the ONLY such textile unit in the country which has no D.A. linked to the C.L.I. and is the unit paying the lowest DA in the country at a fixed rate of 8.30-13-9., whereas the Rayalaseema Mills pay 8.57/=, the Hemlatha Textiles, Peddakakaini:8.63/=; the Azamjahi Mills:8.47/=, not to spek of the DA in Coimbature at 8.75/= or that in Ahmedabad at 8.102/=; and, these are compensated for any further rise also.

2. Further, the Wage Board had also recommended a procedure and modus operandi for increasing workloads and rarationalisation. This was not followed by the DBR Mills. Not only this. The workloads have been increased from time time and are the highest in the country. But, there is no standard wage structure. In certain main categories the standard wages are based on Sholapur standards, out in O.S. curracy and at 5 gless. i.e. 21 2/3 gless.

The Tripartite Conference held recently for the implementation of the recommendations of the Textile Wage Board, also decided that the DBR Mills should implement these two items: DA and standardisation of wage structure

The Union was also informed that the State Govt. was seriously considering the question of appointing a standradisation Committee.

The D.B.R. Mills Workers Union had repaeatedly submitted its viewpoint in this regard and reiterated it at every available opportunity:

I. REAGRADING DEARNESS ALLLOWANCE IN DER MILLS:

We had strongly urged the working out of a sliding rate of Deareness Allowance basee on the C.L.I. so as to achieve full neutralisation in the course of between 3 to 5 years as has been done through the Coimbatore Agreement and an IMMEDIATE DA of 18.35/= as is even now given to the mills staff.

a Standardisation Committee for the composite mills in the state, which will help to bring in uniformity in certain measure. At the same time it will help solve the legal and extra legal problems arising out of the workload agreem ment in the DBR Mills that is now before the Tribunal for adjudication. As a matter of fact, EVEN the Tribunal will have to appoint ASSESSORS (which we have urged the Tribunal to do) to get the work and wage norms etc. In this entire situation an appointment of a Standardisatic ommittee would be the most feasible step. OFCOURSE, a representative of this UNION shall also be included in the said Committee.

WE therefore urge you very earenestly to kindly convene a meeting at your high level to expedite payment of enhanced Dearenes Allowance and working out the recommend ations of the Wage Board and thus create real ground for th Industrial Truce envisaged by the Wage Board.

Thanking you ,

We beg to remain,

Yours faithfully,

In continu tion of the references cited above, we feel it will make the na ters clearer if de ails are furnished and accordingly we submit the following:

There were some exchanges of words between Realing Maistry I de AM N A. and Mrs. Fitter erumal i.e., Srimathi Villiamma in the Reeling Department on 23.11.1960 in the matter of bobbins or Khandies. The said Valliamma had informed of this incident to her husband on the same day in the night.

On 34.11.1960 Fitter Perunal, who was locking to the power reals asked Maistry Nagama, why she and his wife exchanged words unn censarily on 23.11.1960, if there was any thing wrong, the size matter could have been taken to the notice of the Siening Master instead of exchangel g words. She did not keep quiet and/or see the reasonableness in this, on the other hand she abused fi ter forumal in the most vulgar language, after some heated alks, it was dropped for the moment.

This was reported to the Spinning Masder, but nothing was done by him. He was silent.

Ismediately, the siren was sounded and at 12.00.no no all workers went to have their lunch.

it about 12.30. when I ter Perusal was coming after finishing his meals, Drawing Subbalah, (brother of Maistry Nagamma) and Maistry Nagamma, who were a itting in the bunk shop (dabba) opposite to the Mills gate caught held of Fitter Perumal and they were about to beat him, and this created some gulata.

Seeing and hearing this, the INTEC Spinning Jani (Badali syed Hussain) was in the huts opposite the Mills gate, came out running, armed with "Baku" (a deadly spear) shouting : 'catch the rellow' Fitter cerusal, tried to escape from them. Already there were LAPUC rowdles hidin on the back side of the school in the Mills compound and they came out armed with deadly weapons like 'gapara coidali (are) and sticks fitted with 'anusula' and eriod "Catch the fellow" Will him' and they were (1) Conditionar Hammanthu (11) Kuntarappa (111) duinning James (iv) Blow Room Bhoemayya (v) Drawing Oblappa. For favour of kind publication,

Sri S. Suryanarayana N.O., General Secretary, Bangalore District Textile Torkers Union, has issued the following statement:-

The Bangalore District Textile Torkers Union and Sri Krishna Kills Labour Association have their Union Office at Subramanyapuram, Bangalore - 4.

There are number of disputes in respect of wages, illegal termination of 219 humkumara Hills workers, illegal retrenchment of 168 workers of Sri Arishna Spinning & Weaving Hills etc. are pending before the Isbour court, tribunal etc.

The sanagement with a view to split the workers and to deny the just demands of the workern have sponsored a Union. Some congress sen have associated themselves in that. It is significant the I.N.T.U.C. General Secretary had issued a st tement clarifying that the Union in the Subramanyapuram area is not affiliated to I.N.T.U.C. (It has also appeared in the local press).

This Management sponsored Union are indulging in anti-social activities like assaulting the worksen etc. for more than one year. The attention of the police have been drawn to these anti-social activities.

Manickysm, Parasuram and other anti-social elements belonging to the managements sponsored Union have broke open our Union Office and they have burnt the furniture and the records of the Union National Flag and Union Flags and also have assaulted some of our Union Members. I strongly condemn this cowardly action. I am of the opinion that these methods if allowed unchecked will have the democratic

WY

interests and will disrupt the unity of the workers and encourage gooddaism. Therefore in the interest of the workers and in the name of the democracy I appeal to all trade unions and democratic minded people to Unite together and condemn violence and anti-social activities and cooperate with us to run a powerful campaign against such ugly forces raising their heads. I also urge upon the Government remarkant to take drastic action against the said anti-social elements and safe guard the property and life of the persons who work in the union office.

Bangalore.

To

The Honourable Minister for Labour Government of India, NEW DELHI.

Sir.

Subject:- Recommendations of Jute Wage Board Non-Implementation of interim relief by
Eluru Jute Mill.

The Central wage Board for the Jute Industry set up by the Government of India by their Resolution No.

WB-5(1)/60 dated 25th August 1960 considered the demands of labour in respect of interim relief and had come to a unanimous decision regarding interim relief. The Government of India accepted the Board's recommendation and requested the Jute Mills to implement the same as soon as possible.

According to the Board's recommendation, every worker shall be paid interim relief at the rate of Rs 2-85 Nps. per month from 1-10-60 to 31-12-60 and at the rate of Rs 3-42 Nps. from 1-1-1961. The above recommendations apply to all jute mills in all parts of India except the Kotihar Jute Mill.

The Jute Labour Union served a notice on the Jute
Mill Management M/s East India Commercial co. Ltd.,
Lessee Sri Krishna Jute Mills, Ltd., on 16-2-61 requesting
them to pay two months wages towards Bonus for the year 1960
and to implement the unanimous decision of the Wage Board
regading interim relief to the workers. The management
though not in writing, began to plead its inability to
meet the demands of the workers. The fact that almost
all Jute Mills in India and two mills, out of four, in

relief paid to the workers but its efforts bore no fruit. Dissatisfied and disgusted at the unreasonable attitude of the management, five members of the working committee took to hunger strike just opposite to the Mill from 8th May 1961. The Labour Commissioner, (Andhra Pradesh), arranged a conference on 12th and asked the managements of Eluru and Guntur Jute Mills to participate, in it for discussing the question of interim relief and also advised the workers to give up hunger strike. The Managements attended the Conference on 12th, but expressed their incapacity to pay the interim relief.

Having heard the report of the May 12th conference and the advice of the Labour Commissioner, the General Body Meeting of the Jute Labour Union decided to withdraw the hunger strike of the five workers from 14th May 61.

The Management not only stuck to its guns but suggested that unless the workers forego some of their customary benefits enjoying since many a year (that of yearly clothes given to workers on Pongal free of cost and night shift allowance), which in terms of money amount to Rs 20,000/- and prepare for re-fixation of work loads they cannot implement the recommendations of the Wage Board.

Disappointed and enraged at the suggestion of the suggestion of the management, the workers did not attend to work from 15th May onwards. The Mill remained closed since then.

Negotiations are going on between the workers' Union

and the Management.

Be pleased to consider.

Eluru, D/ 19-5-61.

Dear sir,

Re. Employees' Provident Fund:
Dakeswari Cotton Mill No.3, Suryyanagere.

Ref. 441-LW/LW/20-112/59 of 28th February,61

We enclose herewith a list of ex-employees whose P.F. mon 165 have not yet been paid despite reppeated representations. Admitted ly the Company have not paid up the P.F. contributions as per law and certain certificate proceedings and criminal procecutions under the relevant sections of Rmolevees ' Provident Fund Act have been Started. While we appreciate the efforts being excercised by the Govt. for forceing the company to tee the legal line in respect or P.F., we feel that unless some very stringent measures ame taken against me company, there is no knowing when those unfortun te ax-amployaes will receive their paymonts. In this connection I beg to invite your attention to the Contral Provident Fund Commissioner's letter No. R.134(2390/60/24775 of 26th October, 1960 addressed to the A.I.T. U.C. New Delhi in which we were given to understand that your Gevt. have been appreached by the Regional Provident Commissioner, West Bengal for launching prosecutions U/S. 409 I.P.C. against the employer. We are anxious to know mustner such prosections have been sanctioned by you in the mountime.

know the inadequacy of the penal provisions of Employees' Provident Fund Act, and it is all the more desirable that prosecutions should also be launched under the I.P.C. The matter has become simplified after the recent judgement of Madhypradesh High Court which held that prosecutions may be legally launched u/s.406 O.P.C. even.

themselves of these legal measures to ensure payment of P.F. monies to the ex-employees.

Dear Commade,

My best wishes to you and Mrs. Sriwastava.

The Election of the Board of Trustees, Kesoram Mills Workers

Provident Fund Instituteon was held on 27.2.1961. The Kesoram Cotton Mills

is an exempted Factory from the P.F. The authorities never took elected

representatives from the employees. The Union took the matter to the attention

of the Regional Prov. Fund Commissioner, as early as 1959 and after long

correspondences, the authorities at last agreed to hold the election to elect

the members of the Board of Trustees of the P.F. Inst. There were about

10,800 member (employees) in the above Fund and it was divided in 3 Constituencies

We set up candidates in all the 3 seas. Sri Moniram, Asst. Secretary of the

Union from the Const. No. 2 (Carding & Ring Frame). Sri Bidyadhar Symal

Executive Committee member from Const. No. 1, (Ware House, Dye House,

General, Staff etc.) and Sri Haridas Das from Const. No. 3 (Weaving preparetory)

The Officers of the Company in conievance is Labour Office

tried their utmost to defeat our candidates and made the candidates of the INTUC (Company's sponsored) win. Just 3 days before the Poll, they

(Returning Officer- who is the Labour Officer) arbitrarily forced our candidates to change the Symbol (which was Red earliest to Chocolate) and the secret ballot to a farse, (only a thin sheet of cloth to cover the ballot boxes and the polling officer always remained the Dept. bosses).

About 8,478 members voted and our candidates secured 5,036 votes and defeating all the candidates of INTUC and H.M.S (one)

Sir,

Re : Stey in Strike, Dhakeswari Cotton illa.

talk

Kindly refer to our letter in the assembly Chamber on Let September 1961. The Workers of Dhakeswari Cotton Mills were forced to launch this stay-in-strike. For your reference I would add that on 11th August '61 the workers numbering about 1450 participated one-day token strike at the call of Phameswari Labour Union. This decision of the Union was previously communicated to the Management also to the Assistant Labour Commissioner; Asansol. The cause of this strike is non-implementation of the recommendation of Wage Board. Uptill now the company has not implemented the recommendations fully. The operatives were paid only Hs. 6/-, but arrears payment of these operatives have not yet been peld by the Company. The amount per worker is Ps. 54/- as arrears. For participation in the Strike on 11th August the company picked up 9 workers and issued chargesheets against them. all the chargesheetedam workers employed at the Spinning department of the Mills. During the home enquiry we care to know that nearly 122 workers gave evidence for these chargesheeted workers. The company however did not accept this

evidence of 122 workers and dismissed these chargeshed ted men. This action of the company provoked the workers in the way and forced the workers to take this decision. For this strike action neither the employees nor the employers will be benefited. In our opinion the action of the company is quite illegal, Unfair, and unjust, also it is a unfair labour practice.

Under the circumstances we urge upon you to intervene immediately so that an honourable and peaceful settlement is arrived at without any further loss of time.

साथियों !

हमें मालूम है कि टैक्सटाइल मिल के मनदूरों ने कई बार संघष किया है और बहाद्राना तरी के से अपने नेताओं का साथ दिया लेकिन सफलता बहुत कम हुई। इसका कारण हमारे संगठन की कुमी थी। कुछ स्वार्थी लोग मजदूरों का गलत रास्ता दिखाते रहे। अब हमें पिछली गलतियां से वचना चाहिए और एक मजबूत संगठन बनाकर आगे बढ़ना चाहिए एकबार फिर हमें अपनी एकता और ताकत का प्रदर्शन करने का अवसर मिला है जबकि हमारे अनुभवी साथी टी० एस० प्रीतम हमारी उचित मांगों के लिए २० मई १६६१ से भूल हड़ताल कर रहे हैं। जब तक मांगें पूरी न हों भूल हड़ताल जारी रहेगी। श्रापक इस निर्ण्य पर श्रापका बधाई वते हे श्रीर विश्वास दिलाते हैं कि टैक्सटाइल का प्रत्येक मजदूर इस संघप में तन मन धन से शामिल होगा और अने तक यह संघप लड़ा जायेगा जब तक कि माग पूरी नहीं हा जाती।

हमें गवं है कि हमारी लड़ाई एक ऐसा साथी लड़ रहा है कि जो न केवल हमारी यूनियन के नेता हैं बल्क सहारनपुर की सियासी जिन्दगी में एक विशेष स्थान रखते हैं। सन १६३० में आपकी पंजाब के इन्सपैक्टर जनरल पुलिस पर गोली चलाने के आरोप में ७ साल सख्त सजा हुई। सन् ३७ में जेल से रिहा होकर कम्युनिस्ट पार्टी के सदस्य बन गये। पंजाब की किसान सभा बनाने वालों में से श्राप एक हैं। सन् १६३६ में पंजाब कम्युनिस्ट पार्टी की सूबा कमेरी के सदस्य चुने गये। लेकिन शीघ ही द्मरी बड़ी जग शुरू होने के बाद आपको गिरफ्तार कर लिया गया और देवली कैम्प में नजरबन्द कर दिया गया। सन् ४७ तक आपको विभिन्न जेलों में का० धनवन्तरी के साथ नजरवन्द रक्खा। आपके बाहर आने पर शीध ही मुल्क विभाजित होगया तो आप हिन्दुस्तान चले आये। थाड़े ही दिन बाद हमारी भारत सरकार ने योल कैम्प में नजरबन्द कर दिया। दो साल की नजरबन्दी के बाद आप जब जेल से बाहर आये तो होशियारपुर के एक छोटे से गांव में हद बन्द कर दिये गये। लेकिन आप इसे तोड़कर हमारे नगर में आये और अपना नाम बदल कर मजदूरों में काम शुरू कर दिया। पिछले स्युनिस्पिल चुनावों में श्राप मजदूर चेत्र से बोर्ड के मेस्वर चुने गये। इस समय श्राप जिला ट्रेड युनियन के जनरल सकेटो है और क्लाथ मिल कमचारी यूनयन के प्रधान हैं।

२० अप्रेल १६६१ को आपने टैक्सटाइल मिल मालिकान को नोटिस दिया है कि यदि २० मई सन ६१ तक निम्नलिखित मांगें न मानी गई तो भूख हड़ताल शुरू कर देंगे। यह भूख हड़ताल तब तक

जारी रहेगी जब तक कि हमारी मांगें न मान ली जावें।

साथियों !

टैक्सटाइल मिल सहारनपुर के लगभग ढाई इनार बहादुर मजदूर अपनी न्याय संगत मांगों की पूरा कराने के लिये १ महीने से शानदार हड़ताल पर हैं। इसी सम्बन्ध में यूनियन के प्रधान कार टीर एसर प्रीतम ने २० मई ६१ से अपनो मृख हड़ताल गुरू को जो इस समय तक जेल में भी वहादुरी के साथ संघर्ष कर रहे हैं। टेक्सटाइल मिल के फीलादी मजदूर अपनी मांगे पूरी कराने के लिए हद प्रतिझ हैं और सहारनपुर की प्रगतिशील जनता और तमाम इलाकों के हजारों मजदूर इस संघर्ष में तन-मन-धन से सहयोग दे रहे हैं। लेकिन दूनरी और मिल मालिक अपनी हठनमीं पर अड़े रहकर मजदूरों को भूला मारने की साजिशों कर रहा है। मिल मालिक की इस हटवर्मी का सबसे बड़ा सचूत उसका ३ जून से मिल में तालाबन्दी करने का एलान करना है। मरकार का अम विभाग भी इन सम्बन्ध में घोर छपेला की नीति अपना रहा है। इमने वार्ता के द्वार समस्या को इल करने के लिए हमेशा खोले रखे हैं। जिसका सबूत है कि इमारे प्रतिनिधियों ने मसूरी कानपुर, मेरठ, सहारनपुर हर जगह पर वार्ता में पूरा पूरा भाग लिया। लेकिन मिल मालिकान की टालू नीति और सरकार के अम विभाग द्वारा हमारी मांगे न्यायोचित सममने के बावजूह मिल मालिकों पर मांगे मनवाने के लिए कोई ठोस दबाव नहीं डाला गया और मिल मालिकों को मनमानी करके मजदूरों की जिन्दगी से खिलाबाड़ करने के लिए खुला छोड़ दिया गया। मजदूरों का आन्दोलन शान्तिपूर्ण है लेकिन वो मांगे पूरी कराकर रहेगा।

अतः इन हालात में इस जबरदस्त विशाल आन्दोलन को गतिशोल करने व लेवर डिपार्टमेंट का ध्यान आकृष्ट करने के लिए क्लाथ मिल कर्मचारी युनियन के जनरल सेकेट्री का० रवीन्द्र नाथ आंगरिष १ जुलाई सन् ६१ को शाम के इ बजे से एडिशनल रोजनल कन्सीलियेशन आफिसर के दफ्तर पर मूल इड़ताल करेंगे। टैक्सटाइल मिल के मजदूरों के इस ऐतिहासिक संघसं का सफल बनाने के लिए, सहारनपुर, मुजफरतनगर, मेरठ, देहरादून और प्रदेश के तमाम मेइनतकश मजदूरों और जनता से अपील है कि वो टैक्सटाइल मिल सहारनपुर के इस घमन्डों मिल मानिक के खिलाफ एक होकर मजदूरों को उचित मांगे पूरी करावें संचित्र रूप में मांगे—टैक्सटाइल वेन बार्ड की सिकारिशों को पूर्ण रूप से तमाम मजदूरों पर लागू किया जावे और महंगाई भत्ता दिया जावे, मजदूरों को स्थाई किया जावे, सन् १६४४ के एवांड की नई स्थिति में बदला जावे, पिछले दो वर्षों से मिल के अन्दर बढ़ाये गये काम बढ़ातरी को समाप्त किया जावे।

To,

The General Manager, M/s The Lord Krishan Textiles Mills, Saha rangur.

Inspite of our best efforts to persuade you and your management to redress long standing griveances of of the workman in respect of revision of wages as well as permancey and fixation of permanent strength in each shifts, department and section wise, but we note with great regret that the demands are looked with contempt. Besides above the workload is being increased arbitrarely taking without taking least care of the code of discipline and the model agreement on Rationalization.

Under the circumstances I feel that I could not persuade you and the management for the just demands stated above and hence I think it essential to strengthen my will power by going on fast unto death till the following demands are not conceeded. Up to the following

1. That the wages be revised in view of the finding of the state Industrial Tribmals award in Adj. Case No........ of 1954.

2. That the permanent strength in each department shift wise be find and the vacant posts be filled by those who have either worked for more than 240 days or whose names are max on the muster rolls for a period of more than a year.

3. That the recommendation of the wage Board
Textile be implemented fully in respect of clerks and demmess
allowance which should be linked with cost of living index number.

4. That the work load increased ar with the period of 2 years or recorganization introduced and against the provision of the U.P.Industrial disputes Act and in voilation of the Code of Discipline and model agreement on retionalization be brought to a level as it existed before two years.

This is self purification fast to gave such will power so that I could persuade you and the management to concede these just demands.

This fast will begin if you or your management does not concede these demand before the date on which the fast begins. However, I assure you my full-est co-operation in any effort of negotiation and compremize from your side on these demands.

Thanking you.

Yours faithfulby.

To,

Replied The General Manager,
M/s. The Lord Krishna Textile Mills: Saharanpur.

Dear Sir,

We note with great regret your attitude towards the demands submitted by Shri T.S. Pritam inrespect of the workmen employed in your Mills . We have consider the demands and find them justify . Shri T.S. Pritam happens to be the President of our union and he has given a good in the past to the workers of this Mill. We can only persuade him to referain from the purposed action when there is an assurance from your side to concede his just demands.

However, It will not be out of point to inform you that we shall be doing our utmost to save his life and if no assurance is coming from your side to negotiate on the demands within a week we may be compelled to take up his cause which he has taken up and may further assure him to refrain from the action as we shall be going on strike after serving due notice.

We may go on Strike even earlier if any provesation comes from your side including victimization of the workman .

We hope you will kindly concede the demends with cut any further delay,

Thanking you .

In my last letter, I sent you the full detail and development: of our strike of back date. The present position is that neither the Management not authorities are taking any mesure to find out the resonable cource to settle our dispute. Although it is the 25th day day of Comrade Pritam's strike and 14th day of genral strike. The lock-out continues. The Management did not disburse the wages of the workers upto this date e.i. 15.6.61. On the one hand the management intended to repress the movement by adopting mean type of tactics and on the other hand the local authorities are completely silent. We are persuing the labour department and authorities for workers payment but they are avoiding this issue and taking no stens against the caployer. Comrade Upadhaya from Mansoorpur fromx has come to Saharar for our guidence and we are getting a good lead by his preal s suggetions and good expreince of labour movement. Dear Com. Mehta,

Thank you for your letter of 28th February.

The booklet which you have sent me was published in Calcutta some months back and brought to our notice. A few copies were distributed outside Calcutta also. I asked Calcutta and Bombay comrades if this has in any way affected us and if something in print was necessary to reply to it. I got unanimous opinion that nothing in the form of reply was necessary and that it has not affected our position and that they have been able to explain the position to the workers.

The booklet was published in 3 or 4 languages.

We are considering publication of the review of the strike by Com. Dange only in English. It will be cheaper.

Another suggestion may be to bring out a small pamphlet in Gujerati regarding the strike based on that. Regarding this, you can consult Com. Trivedi, if he can manage.

In between, some leading AIRF people belonging to PSP told me - no doubt, informally - that they disliked the publication of such booklets and that let us forget it.

With greetings,

Sub: - Supply of silk yern to the N.S. Silk Mills.

The N.S. Silk Mills, situated at Madhavbhai Mills compound Ahmedabad, has stopped operating 80 to 90 Looms per day since 3 or 4 months. Suice a week such number has gone above hundered. Substitute workers are not being given work, permanenent of the above mills advances argument that there is no silk yarn and

hence they are closing the looms.

We want to bring to your notice that there is every possibility of the N. S. Silk Mills be closed down within a short period. Then the situation will be become still more serious and the five hundered workers,

who are being employed by this mill will be thrown out of employment. It is very difficult to get an alter-native employment these days. Not only this but if the lack of supply of silk yarn confinuls the whole silk industry at Ahmedabad will be affected.

Therefore, we earnestly request you to kindly investigate into the matter as early as possible and supply the full queto of silk uparn to this mills and if possible, even increase the queto of silk yarn to this mills.

we hope that you will kindly take the matter into your hands and save the five hundered workers of the

above mills from falling in the month of unemployment and hunger.

Subject:- Breach of the agreement by the Waster Silk Wills, Bhowna ar.

Sir.

This is to draw your honour's attention to the grows illegal broach of settlement committed by the Master Silk Mills Ltd., Manynagar for immediate necessary a Legal Action against the Mills.

Facts of the breach are as under:-

- 1. On dt. 16-6-61, the Master Silk Wills Ltd., entered into an agreement with 12 representatives of the nightshift forkers of the Wills, who were duly authorised to do so.
- 2. That agreement was of the nature described in Section 2(P) of the Industrial Disputes Act and under Section 18 of the same act was binding to the signatory parties as such and upto this date remains binding.
- 3. Not only that but according to Section 19(1) and # 19(2) of this act, that it remain's binding, is clear.
- herewith, will show your honour that the Mills have committed the breach of item No.1 of the said agreement because mills have not run nightshift for 8 months as provided in agreement. Not only that but even for the failure to run one month less, mills have not paid in agreement to the concerned workers for the same.

This is so because item No.1 reads as inderi-ા મીલ કેમની રાતપાલી વાર પાલયા ચાઠ માલ થતાવો. તે હોતો ત્યાન થાઠ પાલના વહેંદી સાત માલ થાવલ તો એ પાલ યાટે પાર દિવસના વેઝીક પ્વારના પથાલ ટકા પ્યાર રાહત પ્લાર તરીકે કેમની કારી ગરોને સુકલો.

- 5. Up to this date the mills have openly flanted this item of the agreement.
- 6. Thus this breach is coverable under item 6 of 3rd Sechdule of I.D.A. because changes in shift working other than understanding orders has taken place.
- 7. Also this breach attracts the item 11 of 4th
 Schedule accreding to which number of persons is also reduced.
- honours to take action against the Master Silk Mills under Section 29 of I.D.A and every other way possible as well.
- of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also thereafter they have given the notice of the mills, as also the mills, as also

10. Thereafter, the workers having duly authorised us to do every thing needful in this connection, we have also given notice to the Mills and have sent complaint to implementation officer as well.

B.I.R. APPLICATION.

Since B.I.R. Act, with due modification has
been applied to Gujaret since 1st August, 1961 and since it
has been also duly applied to silk industry as such, an

apply. We beg to submit that in that case also serious action
is warranted as under:-

1. This is a change of the nature mentioned in Schedule 2, item 1, under Section 42 of the

mills and wen sent to a copyrigant to the Suplement

- 2. This breach also attracts the provisions of Section 46(3) because this said agreement is of the same footing as the registered (because Section 2(P) of I.D.A envisiges this to be so and at the time when this agreement was arrived at B.I.B. was not in force.
- 3. Therefore the action under Section 106 or Section 109 of B.I.R. is clearly warranted.
- 4. However, since the responsibility for implementation has been taken by Government at various triparties at National level, wherein all the State Government have agreed, we request your honour to take up impediate stops
 - (a) Order the Mills to start the night shift in full complement.
 - (b) Order the Mills to pay the nightshift workers
 the 50% of their basic wages of one month
 during which night shift as per agreement's
 item No.1 has not run.
 - (c) Order the Hills to say the night shift workers their full wages for the days other than one month of 50% payment.
 - (d) Take legal of ion including criminal and Penal of agreement committed by the Mills.

This is ardently rejuested to your honour for very prompt ection because it involves the problem of the bread of the families of the unemployedat the are ficing semi-storvation and we hope that this be attended in all its scriousness which can hardly be over-emphasized.

Following resolution was unanimously adopted in a meeting of the Executive Committee of the Textile Mazdoor Ekta Union held on 28.12.60.

"This meeting strongly condemns the new Taxation policy of the Panjab Govt: by increasing the Stamp Duty from 3% to 13% incities and from 2% to 12% in villages, by increasing the land revenue ty 50%, by increasing Property Tax by 50% and by increasing the loud speaker fee to & 5/- a day. The Govt: has put unbearable burdens on the workers, peasants and the middle classes. Already the people are being ground downby the rise in the prices of barest necessities of life.

Moreover retrenchment and falling wages have already hit the workers hard but now due to electricity cut retrenshment offensive is on the increase and wages have begun to fall.

In the circumstances these taxes will break the back of the poorer classes.

This meeting calls upon all sections of the people, all man organisations and all political parties to unite & oppose the taxation policies of the Govt:"

OFFICE OF THE LUDHIANA SWADESHI HOSIERY PRODUCTION CUM SALE CO OPERATIVE INDUSTRIAL SOCIETY LID. BAZAR SAKAFAN? LUDHIANA JAN. II, 1961 We are enclosing herewith a copy of the memorandum presented to Shri Mannu Bhai Shah, The Hon'Ble Union Minister for Industries on 10th October, 1960 together with the copies of letters reflecting the origin and initial achievements of our Society. The Society was inagurated by Sh. Hans Raj Sharma, Chief Parliamentary Secretar, Punjab on 28th December, 1958. The Society consumed 2000 Lbs woolen yarn in the first year which was in addition to the work done by the Society for other concerns. But to the misfortune of the Soviety, the same figure has been taken as base for the allotment of quota of woolen yarn. On approaching the Textile Commissioner, the Society was advised to contact the Hosiery Industry Fedration, Ludhiana increasing the quota from 2000Lbs to 5000 Lbs for each year. The Fedration, when contacted is trying to decrease the quota instead of increasing which will result in turning the Society into an uneconomical unit. The work and target of the Society can be well imagined from the joint inspection report, by co-operative, Indistrial and small scales, departments who made several favourable recommendations as grant of loans, dying and marketting fecilities while appreciating the work and progress of the Society. Woolen quote of 5000Lbs was accordingly recommended by the Director of Industries, Punjab, vide his letter dated 20-9-60. The progress of this Society is now being held up for want of woolen yern which clearly indicates the difficulties in the way of Co-operative units which cannot manage by alternatives arrangements in the open market and are thus suffering inspite of the Government Mission of promoting Co-operative movement. The Co-operative societies are thus in an inferior position than their fellow individual concerns who have other ways and means to solve these problems. The suffering of such an industrious Society is harmful in the interest of the Co-operative movement at large. We, therefore, approach you, with the request to kindly use your good office and influence and help the Society to deliver through such a threatning position which can if not controlled nullify its past progress and hard work, at the same time sealing its future for many years to come. Thanking you and hoping for a favourable response. Sagli Ram Encls. 4. Secretary.

The Trade Union movement in Replied new phase when on 28/2/61, hri muni Lal Langoti walla inau rated the Ektar Coop rative Store" in Majeed Buildin, Chicharta.

Received 190/1975

The initiative to form such a Cooperativers was taken by the Textile Mandoor Ekta Union (legtd), Amritaar. The Cooperative inner however is an independent body and is open to all sections of the people. Already, besides a number of workers, many clerks, shop-keepers and others have become its members and purchased shares.

But after establishing itself on a sound footing, it is expected to increase its scope.

A general meeting of the share-holders was held on 14/2/61 which finalised the constituion of the Cooperative and elected a Board of 11 members with Shri Munilal as its Chairman and Shri Tara Chand as its Secretary.

In connection with the inauguration of the Store, a largely attended public meeting was held in which the purpose and aims of the Store were explained by Shri atyapal Dang and by Shri Muni Lal Lan oti-walla.

Statement on behalf of Textile Mazdoor Ekta Union (Regd.)

The abolition of the limit of 4 looms in Excise Duty on y Woollen and Art Silk Fabrics is causing a good deal of controvers in Amritsar. This union has been consistently demanding for the last 7 years the abolition of the exemption limit because this exemption had on the one hand resulted in fragmentation of industry which by itself is harmful for the long range development of the industry and on the other hand had resulted in loss of all benefits to the workers under the Labour Welfare Legislation e.g. Provident Fund, Employees State Insurance Scheme, lay off, paid sick leave, paid causal leave etc., as also had resulted in steep fall in wages of the workers and loss of benefits of long service.

Therefore the union has welcomed the abolition of this limit although the union feels that it is a most belated step and already the full circle of split up of factions and the consequent loss of all benefits and wages by the workers has been completed.

But at the same time the union is and has been against the excise duty as such and all other indirect taxes imposed by the Central Govt: because in the end it is the consumer who is burdened. Art silk especially is now mainly used by poorer sections of the people, similarly woollen cloth is also a necessity in Panjab. Excise Duty raises the price of cloth which hits the poor. Therefore the union demands the abolition of Excise Duty or its substantial reduction.

Similarly the union has been consistently demanding relief to the small scale industry in the form of credit facilities, reservation for the manufacture of certain qualities for the small scale units and marketing facilities. The union reiterates these demands to help the small scale industry as it feels that it is the financial saarks who give credit at exhorbitant interest who really pocket the maximum profits.

The union, therefore while welcoming the abolition of the excisable limit demands that this limit should not in any case

2.

be re-imposed, it also demands relief for the small scale industry in the form stated above. Art Pille Paletten La percet

Statement on behalf of Textile Mazdoor Ekta Union (Regd.)

The Textile Mazdocr Ekta Union in a meeting of its Executive Committee held recently considered the question of housing for industrial workers.

The union noted with concern the shortage of houses for industrial workers and the exhorbitant rents being charged by the house owners.

The union was of the view that it is the responsibility of the Covernment and of the employers to provide houses for industrial workers.

In this respect the Union condemned the attitude of the Panjab Govt: which allows the funds earmarked for Industrial Housing Scheme by the Central Govt: to lapse every year as also it does not compel the employers to construct houses for their workers under the subsidised Housing Scheme.

The Executive decided that to press the Govt: for the following demands in this respect.

- 1. 2000 houses under the Industrial Housing Scheme be constructed im ediately at Chheharta, Purani Jail Area , Batala Road, Verka and Sharifpura.
- 2. The rents of these houses be reduced to \$ 5/- P.M.
- 3. The rents of the houses already constructed by the Govt. or of those to be constructed should be considered to be instalments paid to the Govt: for these houses and when the cost is realised these houses should become the property of the workers.
- 4. At least big employers of Amritsar should be forced to construct quarters for their workers under the subsidised Housing Scheme.

STATEMENT ON BEHALF OF TEXTILE MAZDOOR EKTA UNION (REGD.)

The Executive Committee of the Textile Mazdoor Exta
Union in its meeting held on 15/3/61 viewed with grave concern
the situation arising out of the imposition of Excise duty
on small scale power-looms units manufacturing Art Silk and
Woollen Fabrics.

The Executive reaffirmed the policy of the Union about the abolition of the exemption limit it decided to raise the following demands which are in the interests of Industry & Labour.

- 1) The excise duty on Art Silk & Woollen Pabrics should be abolished or substantially reduced because it effects the consumers in the end.
- 2) The Govt. should pursuade the employers to form co-operatives so as to run all the installed looms.
- If the employers do not agree to firm co-operatives and get some looms sealed or close down, the Govt: should take over these looms and run them in the interests of the workers.

The Ludhiana Swedashi Hosiery Co-operative Industrial Society Ltd. Ludhiana selected for intensive development, was jointly inspected by the following officers on 22-3-1960,

- 1. Shri Maharaj Kishan Mehra, Distt: Industries Officer, Ludhiana.
- 2. Shri D.V. Malhotra Asstt: Registrar, Coop. Societies. "
- 3. Shri R.R.Parshad, Deputy Director (Hosiery) Small Industries Service Institute, Ludhisma.

The inspection report and recommendations for the development working on joint production pettern, from 1-12-58. This Society is manufacturing various type of woolen hosiery articals. The quality of its production is good.

The present membership of the Society stands at 32. All the members are actual workers in the hosiery industry, but at present only 10 members are working in the Society. The society is unable to provide employment to other members as it cannot enlarge its business and activities due to lake of funds. The members of the society are capable to run the society successfully. They fully understand the technicalities of hosiery manufacture and also its business aspects.

At present the society has got 5 Flat Knitting Machines costing Rs. 4529-53np. The purpose to equip itself with more machinery in the near frakture future, but again due to lake of finances, it cannot achieve its object quickly.

During the first year of its working, the society purchased raw material worth Rs. 20074-00 and sold finished goods worth Rs. 32000/- and made a net profit of Rs. 2268-20. The latest financial position of the Society is given below.

It may be notee, that a loan of Rs. 7690/- granted to the society, During the year, was repaid back with interest to the Central Coop. Bank and at present no loan stands in the name of the society.

The society has been selected for intensive development. In order that the society may quick progress, the following measures are commended.

- 1. A sum of Rs. 5000/- may be granted to the society as subsidy for progressing hosiery machinery and equipment for the society.
- 2. A sum of Rs. 30,000/- may be granted to the society as loan to progress its working. Out of this Rs. 10,000/- may be given as loan free from interest and Rs. 20,000 with interest.
- Arrangements may be made to enable the society to get its woolen yarn dyed from the institute of Dyeing & Calico Printing, Ludhiana on priority basis. The dyeing charges should be atleast 10% less than those charges by the other dyers. This will ensure the society of cheaper and better dyeing in less time.
- 4. Arrangements may be made with the state Govt. Emporiams to sell the society productions on consignement basis. This will help the society in markiting its products, without financial difficulties.
- When, the subsidy and the loans recommended above are granted to the society, the society will also purchase machines suitable for products hosiery goods required by Defence and other Govt. Tendors. The Industries Service Institute, Ludhiana will register the Society under Government stores purchase programme, to help it to secure Govt. Orders.

The above recommendations, if implemented, will ensure the quick development of the Society.

Dear Sir,

This is to draw your attention to the fact that some provisions of the Report of the Central Wage Board for Cotton Textile Industry have not yet been implemented by the Management of Jagatjit Cotton Textile Mill Ltd., Phagwara. In particular 7% of the D. A. has not yet been merged in the basic wage and 25% of D. A. has not been linked with the cost of living index. It was agreed by the Management on 28th June 1960 in the presence of the Labour Minister, Punjab, that this will be done after calculating D. A. sep arately for each category of workers.

Due to this there is great unrest in the workers and I have to request you to kindly intervene in the matter immediately and secure implementation of all the provisions of this Report with effect from 1-1-1960.

The General Council of the Textile Mazdoor Ekta Union (Regd.) Amritsar strongly condemned the repression policy of the Panjab Governmet which has launched prosecution against 66 Trade Union and Kisan Sabha leaders who participated in the Anti - Tax demonstration on 22.3.61.

The Council felt that it was a wanton attack on the democratic rights & civil liberties of the people.

The Council demanded from the Panjab Govt: the withdrawal of this case immediately.

In this connection a big demonstration was organised on 14.4.61 when hundreds of workers after their shift hours marched from as far as Verka & Chheharta into the city and raised slogans for the withdrawal of this case and against the repressive policy of the Panjab Govt: The demonstration ended in a meeting in which a resolution on the above lines was passed.

Similarly on 20.4.61 in a huge public meeting was held in Putlighar Chowk and similar resolution was passed.

to wages is banned.

This is a direct attack on the Trade Union rights of the workers. Notate While awarding limited benefits to the workers Government is simultaneously attacking the hard-won rights of the workers.

The Executive, therefore, strongly protests against the introduction of these clauses in the Bill and calls upon the Government to withdraw these anti-labour provisions in the Bill and do justice to the workers of Textile Industry.

The Executive further demanded from the Government that the Bill be made applicable to the workers in Cotton Ginning & Friting Factories as they are also Cotton Textile workers.

This is a serious attack on the Trade Union rights of the workers.

The workers do not resort to the weapon of strike unless forced to do so. This is a fundamental right of the workers guaranteed throughout the World & guaranteed by our own Constitution.

It is but natural that this proposed ban will be fittended to the private sector also as is evident from the bill passed by Rajya Sabha to enforce the recommendations of the Central Cotton Textile Wage Board according to which strikes by the workers of the Textile industry are banned for five years.

This is a most serious state of affairs as in these days rising unemployment and high prices it is very difficult to make one's both ends meet.

The rise in the prices is due to the policies of the Government of India which has allowed forward Trading in Art Silk & Staple Yarns.

character of

Individual Dispute and
Industrial Dispute PUNJAB GOVERNMENT'S PECULIAR STAND

2000

When does an individual dispute become an industrial dispute this pres question has been discussed and debated again and again before various adjudicators, High Courts and even the Supreme Court.

From where and now does this question arise?

Under the Industrial Disputes Act, the appropriate Govt has the power to refer for adjudication to Labour Courts, Industrial Tribunal or National Tribunal disputes which are industrial disputes.

According to Section 2(k) of the Act, an industrial dispute means any dispute or difference between employers and employers, or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of employment or with the conditions of labour of any person.

This definition, has been interpreted by the Supreme Court to mean that a dispute between an employer and one workman is an individual dispute and not an industrial dispute.

for dispute to be an industrial dispute must have "workmen" as a party to it besides fulfilling the other conditions in the

definition.

This means that a dispute about the dismissal of one werken workman can become an industrial dispute only if it is raised or espoused by "workmen", when by a group or body of workmen whether through a trade union or otherwise.

It will not be an industrial dispute if the dismissed workman is the only workman esposing his own cause and the reference of such a dispute will be ultra vires of the Act.

Here another important question arises.

Suppose a workman employed in a particular industrial establishment is dismissed. Further, EMPREENTIAL due to lack of organisation and due to fear etc, the workers of that particular establishment EXEXEMENTER EXECUTE THE Unable to espouse the cause of the dismissed workman. But suppose a registered trade union of the industry, to which this establishment belongs and of which the dismissed workman is a member, takes up his cause and raises a dispute.

Assuming that this Union has a large membership in many other establishments of the same industry but none in the particular establishment except for the dismissed workman nimself, will such a dispute be an industrial dispute?

Justice Bisnan Narain of the Punjab High Court in the Girson Mills Ludniana Case answered this question in the attirmative. His line of argument was under:-

(a) The definition of "industrial dispute" must be interpreted keeping in view the purpose and scheme of the whole Act.

(b) It is possible that the workmen of a particular industrial establishment may not be in a position to raise a dispute regarding the dismissal of a workman of their own establishment, but this dismissal may lead to serious discontent and even a strike in EXEEX the industry as a whole.

This line of reasons reasoning is based on a recognition of the fact that the workmen generally form their unions on an industry-wise basis and disputes are not confined to individual employers and their particular workmen.

(c) The definition of "industrial dispute" does not mean that kex an industrial dispute must necessarily be between an employer and his workman

This view of Justice Bisnan Narain based on very sound reasoning was, however, set aside in a Letter Patent Apoeal in the same case. On the contrary, it was neld that the definition of the industrial disputes must be interpreted to mean that the dispute must be between an employer and his workmen. And this view has come to stay at least as far as the state of Punjab is concerned.

In other words, the dispute about a dismissed workman must be raised by workmen of that particular establishment otherwise it will not be an industrial dispute of course, it is not necessary that the Union raising the dispute should, be confined to that establishment alone. But the workmen of that particular establishment must be among its members.

Here another important question arises. IS it necessary that majority of the workmen of the establishment should espouse the cause of the dismissed workman to make the dispute an industrial dispute?

The Supreme Court has clearly and definitely ruled that the support of the majority is not essential, that a minority of

workmen can raise an industrial dispute.

trans However, at the same time it has been held that the body of workmen espousing the cause of an individual workman -- even though a minority--must be a substantial portion of

the total number of workmen.

The Supreme Court has not considered it proper to define "substantial" in terms of any percentage and has left it to the adjudicators to see whether expertientered the the supported by a number of workmen supporting thex a dispute can be considered sunstantial or not depending upon the circumstances of each case.

In the Girson Mills Award, however, the Industrial Tribunal, Punjab laid down that less than 40 per cent of the total number

of workmen cannot be considered substantial.

It was this Award which was set aside by Justice Bishan Narain and which was restored on a Letter Patent Appeal.

Due to lack of funds, the Union concerned could go in for an Appeal before the Supreme Court. The State Govt too refused to Tileanx an Appeal though it could and was requested by the Union to do so. And so the Girson Mills Award hold the field in the State.

Taking their stand on this Award, the State Government rexes refuses to refer any disoute about a dismissed/discharged workman unless it is espoused byx at least 40 per cent of the workmen of the establishment in question.

Such a position cannot but seriously hinder the development of trade union movement. This can be seen from a single illustration.

The Textile Mazdoor Ekta Union (Eggia) Amritsar has the tarxex largest membership of all the registered Unions in the Punjab. Yet theire are many textile Mills in Amritsar whose workmen are

still unorganised.
In the Common interests of the textile workers of Amritsar, it is natural that activists of the Union fix in different Mills will try to influence and organise axxxxxxx the still unorganised workers of other Mills and make them members of the common union.

Suppose now that a worker of one of such Mills comes Torward to join the Union and tries to persuade other workmen of his Milly to follow suit?

To hip the 'evil' in the bud, the employer may dismiss him on one pretext or another.

The Union raises a dispute about his dismissal but that will not be an industrial dispute, even though the Union has more than 4,000 textile workers as its members.

To make it an industrial dispute, 40 per cent total number of workmen of that particular establishment

must espouse the cause of the dismmised workmany, And that is well nigh impossible as the workers are yet unorganised, weak and axxxxxxx arraid ...

In the circumstances, the dismissal of the worker who took the lead demoralises and even terrorises others and makes the task of their organisation more difficult. This is precisely what the employers wanted.

This illustration is not a hypothetical onex. Wany such

cases have actually taken place in Amritsar.

This natmful position for the trade union movement is contrary even to the principles accepted by the Indian Labour Conference.

Under the Code of Disciplne, for instance, a Union must have 15 per cent of the total number of workman in an establishment to get recognition as representative union. Such a Union can negotiate and enter into settlements about even such questions as bonus but to get referred a dispute about an individual workman for adjudication, as many as 40, per cent of the total must raise the dispute. This is a reduced to the total must raise the dispute.

It it is borne in mindthat the total body of "Workmen" will invariable include many supervizors, clerks etc , it will be clear that thex 40 per cent of the total in fact means a majority of those wno ordniarly are referred to as workers.

To set right the position created by the High Court and . Supreme Court judgements, it is necessary to amend the definition

"industrial dispute".

The definition must be so widened as to include explicitly in its scope the dispute between an employer and a single workman . Thetxixxneesexxxxxnoxxnnxxxforxxnexgrowtnxxxxtnxxtrade That is very executial xxxxxxxxxx necessary for the growth of the

trade union movement in the country.

A. L. T. 17 & AUG 1964 L. R. NeolSST Water . Posteriusium compre For Favour of Publication File Ne Amritsar—the biggest Union in the Punjab having a membership of about 5,000—has just been held in Chheharta on 14th and 15th August, 1961. The Fourth Conference of the Textile Mazdoor Ekta Union (Regtd) Attended by about 200 delegates the Conference adopted as many as Allresolutions. Among other thrighy things, the Conference sharply criticised the Labour Policy of the Punjab Government characterising it as anti-working class. It especially cricised the failure of the Govt to fix minimum wages under the Minimum Wages Act for different catagories of wor men of the textile industry,, the refusal of the Govt to refer dismissal cases for adjudication and to defend the Awards of the Tribunal and the Labour Courts before the Punjab High Court. Demanding the reversal of this policy, the Conference also demanded that the Labour Department be taken away from the present Labour Minister Pandit Mohan Lal and handed over to someone else. By another resolution, the Conference demanded amendment to the Industrial Disputes Act so that individual disputes are also considered industrial disputes. It strongly expressed itself strongly against the condition of supportfrom at least 40 per cent of the total number of workmen for referring any dispute for adjudication. The Conference demanded a number of amendments to the Employees State Insurance Scheme and the Provident Fund Scheme and Act -- including one for raising the rate of PF contribution from 5-1/2 per cent to 8-1/3 per cent.

The Conference expressed serious concern at constantly rising prices and demanded adequate dearness allowance linked with cost of living. The Conference strongly criticised the present taxation policy of the Govt--especially imposition of excise duties on the necessities of life. It demanded abolition of two District Board . taxes -- cycle tax and professional tax on workers. By another resolution, the Conference discussed the problems of the textile industry. It demanded ban on forward trading in yarn-both woollen and Art Silk. It demanded liberalisation of import of wool tops and art silk yarn as well as setting up of a woollen combing plant in Amritsar. The Conference pledged tixt itself to do all it can to strengthf en India's Independence especially against the rising danger from communalism, casteinsm, etc . The Conference also pleaged to work for world peace. The Conference was adressed among others by Shri K.G. Srivastwa, Secretary A.I.T.U.C.Baba Kartar Singh, Prezident, and Comrade Sateesh Loomba, General Secretary of the Punjab TUC. The Conference unanimously re-elected Shri Munilal Langotiwalla as President and Shri Furdumman Singh as General Secretary. A public rally was held in Putlighar Chowk on the 15th evening where a report was made on the decisions of the Conference and speeched were made about the significance of the Independence Day by Shir K. Shirt and Shirt and Singh, Furduman Singh, General Secretary, Textile Mazdoor Ekta Union (Regtd). 7-8-61

COPY OF THE MEMORANDUM SUBMITTED TO SHRI MANNU BHAI SHAH HON'BLE MINISTER FOR INDUSTRIES, GOVT. OF INDIA 159 UDYOG BHAWAN, NEW - DELHI GOR AND ON BEHALF OF THE LUDHIANA SWADESHI HOSIERY PRODUCTION-CUM SALE CO-OPERATIVE INDUSTRIAL SOCIETY, Ltd. BAZAR SARAFAN, LUDHIANA ON 10th OCTOBER, 1960.

Dear Sir,

With due respect we beg to state the following few lines for your kind and sympathetic consideration and favourable action.

- That we wrote a letter to the Textile Commissioner. Bombay under No. 107 dated 2-8-1960 to increase our quota of woolen yarn from 2,000Lbs per year to 5,000lbs per year, we got reply form the same on 28th Sep. 1960 vide a letter No. MAS* 14(3)3382, thet we should approach to the Hosiery Industry Fedration, Ludhiana(copy enclosed), and we approached to the said Redratin, but the fedration did not seek into this matter. But due to our verbal request the Hosiery Industry Fedration, Ludhiana is trying to decrease our quota from 2,000lbs to by his consent instead of increasing 5,000 lbs per year.
- 2. That the Society started its work of manufacturing of woolen hosiery on 28th December, 1958. The opening ceremony was held by Shri Hans Raj Sharma, Chief Parliamentary Secretary, Punjab at the same day.
- The working capicity of our Society is:The actual yearly consumption figures of 2,000 lbs in view of the first year's consumption. In the remarks columns we had also mentiomed that in addition to the above quota our Society had fabricated hosiery goods approximately Rs.85,000/- for the big units after making nominal labour charges Rs.8,500/-. In this way our Society could not get its full share of profit although it had made enhanced supervisional charges.
- 4. That the compempation figures already furnished in the forms were only in view of our first year's consumption. Your Honour being thoroghly experienced can well understand that no new manufacturer can in any case manufacture the goods in the first year with his full capicity due to the lake of experience.
- That during the first year we had to face several financial difficulties even as a result of that our Society had to dispose off its eight Flat Machines with a view to solve its financial trouble for the enhancement of its supply (working capital).
- 6. That we are attaching herewith the copy of the letter No.VI/D#
 ii/8506 dated 15-4-60 from the Distt. Industries Officer, Ludhiana
 to the Asstt. Registrar of Co-op. Societies, Ludhiana regarding
 the joint inspection report after inspecting our Society, to the
 the effect that our Society had been selected under the Intencive
 Development Scheme. It may well be added for your kind information
 that only six societies have been selected from the whole of
 Punjab. According to this letter the Govt.of Punjab have recommended to grant us many facilities. (as such)

(a) Subsidy for progressing the Society 1.5,000/(b) A sum of Rs. 30,000/- as loan, and several othe-rs.

But due to our ill luck and due to the shortage of raw material we could not get full benifit of the above facilitis.

........2

- 7. That the quota scheme is likely to continue atleast for ten years to come and our Society cannot improve untill and unless the present quota is increased, and cannot available right object and even vannot avail of the facilities of the Govt.
- 8. That ours is a 60-operative Society and there is a thorough check of accounts. As such we cannot purchase raw material from the open market and cannot enjoy full benifit as other firms are doing. We simply depend upon the Govt. Quota.
- 9. The Punjab Govt. has recommended our case and forwarded the Textile Commissioner, Bombay but he did not care for it (Copy enclosed).
- 10. If the Society could not get woolen quota according to the Punjab Governments recommendations, the Society will be proved into une conomic unit. In the last season, the Society has suffered many difficulties and the members of the Society are seeing very nervous.

Therefore, we pray that in view of our difficulties and above facts your goodself again requested to issue orders to the Hosiery Industry Fedration Ludhiana to increase our quota from 2,000 lbs per year to 5,000 lbs per year as a very special case. Our Society consists of actual working members and as such the benifit goes to the real workers (members). We hope you will pay kind sympathetic consideration to help the poor actual workers.

Thanking you and assuring you of our best cooperation at all time and in all matters.

Yours Faithfully,

मजदूर संगठन जिन्दाबाद पंजाब क्लोथ मिल्ज लि० भिवानी में-

वेजवोर्ड की सिफारिशों के मुताबिक बढोतरी और बोनस टैक्स्टाईल मिलों में काम करने बाले मजदूरों की तन्खाहों के बारे में केन्द्रिय सरकार ने एक वेज बोर्ड नियुक्त किया था। वेजवोर्ड ने अपनी सिफारिशें आज से एक साल पहले दे दी थीं। इनके मुताबिक हिन्दुस्तान की रौकड़ों मिलों में मजदूरों की तन्खाहों में तकरीबन पिछले १४ महीनों से बढ़ोत्री

हो चुको है।

पंजाब में हिसार टेक्स्टाईल मिल्ज़ हिसार, जगतजीत काटन टेंक्स्टाइल मिल्ज़ फगजाड़ा, दी भवानो काटन मिल्ज श्रबोहर, द्याल बाग स्पीनिंग एएड वोविंग मिल्ज श्रमृतसर,श्रौर टौ०श्राई०टी० मिवानों में भी वेज वोड़ की सिफारिशों के मुताबिक बढ़ोतरी जनवरी १६६० से मिल रही है। परन्तु तमाम पंजाब में सिफ यही टैक्सटाई लमिल बाकी है जहां मजदूरों की तन्खाहों में बढ़ातरी नहीं हुई।

पिछल वर्षों में मजदूरों ने इस भिल की प्रोर्डेक्शन, ऐफिशियेन्सी बढ़ाई है। मिल की हालत अच्छी है, नई मशानरी भी लगी है, मिल मुनाफा कमा रही है। श्रीर सब जानते हैं कि पिछले काफी समय से कपड़े की मारकेट पूंजीपतियों के लिये बहुत अच्छी रहा है, मारकेट की हालत यहां जा पहुंची कि सरकार को कपड़े की कीमतों पर कन्टोल करना पड़ा।

इतनी मेहनत के बावजूद भी इस मिल के मजदूरों को किसी भी किस्म का उत्साह नहीं भिजा वेजवीर्ड की सिफारिशों को लागू करना तो एक बात है यहां तो पिछने कई सालों से मजदरों को बोनस के तौर पर एक पाई तक नहीं दी गई। मजदूरों की इन जायज मांगों की तरफ ध्यान देने की वजाय मैने जमैन्ट मित्र में मतदूरों पर तरह तरह की धक हेशाही चला रही है। मजदूरों पर वर्क लोड बढ़ाया जारहा है, मजदूरों को दो हुई सहू जियतें छीनो जारहो हैं, तन्खाहों में कटोती करदी जाती है। अरेर कानून की खुल्ले आम धिजायां उड़ती हैं। इन तमाम बातों के बावजूद सरकार चुप बैठी है।

मजदूरों की मांगें:-

- चेज बोर्ड की सिफारिशों के अनुसार मजदूरों को तन्खाइ में १-१-३० से बढ़ोतरी कीजाये।
- 🖈 १६६० के साल का बोनस दिया जाये।
- 🛊 मजद्रों पर बढ़ाये वके लीड़को हटाया जाये या उसका मुत्रावजा दिया जाये।

मिल मालिकों श्रीर मौनेजमोन्ट के इस रबीये से मजदूर बहुत परेशान हो चुके हैं। इस हालत को अब और बर्दाश्त नहीं किया जा सकता। इसलिये मजदूरों ने चेतावनों के रूप में फैसला किया है कि मजदूर ता० २७-३-६१ (सोमवार) को काले बिल्ले लगाकर काम पर जायंगे।

अगर मिल मालिक और मीनेजमीन्ट ने फिर भी अपनी नीति को न बदला और मजदूरों की जायज मांगें पूरी न की तो मजदूर मजबूरन और कोई भी सख्त कदम उठायेंगे जो कि भूख हड़ताल या श्रीर कोई भी कदम हो सकता है। इसकी तमाम जिम्मेदारी मिल मालिकों श्रीर मैनेजमीन्ट पर होगी। सरकार से अपील:-इम पंजाब सरकार व केन्द्रिये सरकार से पुरजोर अपील करते हैं कि बह हमारी मांगों को पूरा कराने के लिये शीघ कारवाई करे।

जनता से अपील:--इम तमाम मजदूरों व मजदूर यूनियनों, शहरी माइयों और राजनीति ह पार्टियों से अपील करते हैं कि वह हमारी जायत मांगों को मनवाने में पूरा २ सहयोग दें। भारी मीटिङ्ग व प्रदर्शन:-ता० २७-३-६१ को २ बजे दिन के पंजाब कत्रोथ सिल्ज के गेट के सामने भारी मिटिंग व प्रदर्शन होगा। अधिक से अधिक साथी इसमें शामिल हों।

मजदूर साथियो !

कई दिनों से मिल में यह चर्चा चल रही थी कि सरकारी लेवर आफिसर की देख रेख में खुफिया तौर पर मजदूरों की राय, उन पांच नुमाइन्दों के लिए ली जाएंगीं जिन्हें जैन साहिब ने हिसार टैक्सटाइल मिल के मजदूरों को नई वेडी में जकड़ने के लिए नामजद किया है। सरकारी लेवर आफिसर ने बड़े लम्बे चौड़े दावे बांचे थे और हमें ऐसा मालुम होता था कि बस अब मजदूर की सुनी जायगी परन्तु बाह री दौलत और तेरे करहमे, न्याय और राराफत ताक पर रख दी गई जैसा कि मैंने अपने कई इइतिहारों के द्वारा मजदूरों को आगाह कर दिया था कि लेवर आफिसर अपने साथ लेवर इ'स्पेक्टर को लायेगा और वह दोनों ही आनवीन करेंगे, मगर हुआ इसके विल्क्ज चलट, और ऐसा मालूम होता था कि लेवर आफिसर की जगइ जनरल मैनेजर औ चीक इन्जीनियर छान वीन कर रहे थे।

अभी तक यह तो जाहिर नहीं किया गया कि कितने वर्करोंने दस्तखत किए हैं कुछ भी हो हमने साफ तौर पर लेवर कमीइनर और लेवर आफिसर को लिख दिया है कि यह सब धोका है और हिसार टैक्सटाईल का मजदूर इस तरह का कोई फैसला मानने के लिए मजबूर नहीं होगा।

विक्रमसिंह टोली बहुत खुश है कि लेवर आफिसर ने उसका पूरा साथ दिया है लेकिन उन हो गलत फहमी नहीं रहनी चाहिए इस तरहकी इमदाद और धक्केशाही मजदूरको उन के साथ नहीं जोड़ सकती आजपुलिस और सरकार की मदद से और दौलत को पानी की तरह बहा कर जैन साहिब खूब खुश हो लें परन्तु उन्हें याद रखना चाहिए कि यह हालत हमेशा नहीं रह सकती इस किसम की धक्के शाही को देख कर मजदूरों को परेशान होने की कोई जरूरत नहीं हैं उनके साथ जो भी जुलम और उयादती होगी यूनियन डट कर आवाज बुलन्द करेगी।

यूनियन की ओर से एक मई को छुट्टी करने के लिए जैन साहिब को लिख दिया गया है इस के लिए आम मजदूरों की भी मांग करनी चाहिए हमेशा की तरह इस बार भी मई दिवस पूरी शान के साथ मनाया बायगा शाम को ६ वजे यूनियन के दफदर से जलूब निहालेगा और रात हो ना वजे कटला रामलीला में जलसा होगा तमाम मजदूरों को जलूस और जलसे में शामिल होना चाहिए।

P.O. Phulwarisharif,
Dt. Patna.

Dear Comrade,

We shall be highly obliged if you can kindly send us the wage structure in the spinning departments of the Hills in your centre.

The Bihar Cotton Mills have proposed to introduce some sort of work load in the spinning department. Ordinarily one workman has been operating one frame with less than 200 spindles. Now the management propose to increase the spindles from 200 to 300 and 300 to 400 per worker. But we have not been able to arrive at an agreement on the ratio of wages for the enhanced spindles. It shall be helpful to us if you can furnish us with informations, this system was introduced in your centre and what was the ratio of wages for the additional work load introduced in the spinning department. We shall like to know the information in the following lines:

- 1. What was the basic wage upto 200 spindles ?
- 2. What percentage of basic wages was given to enhanced spindles, 200 to 300 and 300 to 400 and above 400 ?
- 3. How this problem was settled in your centre?
 We expect an early reply from you.

With greetings,

Comradely yours,

BARA HINDU RAO POST BOX NO. 1350 DELHI-6 (INDIA)

Dear Sir/Madam,

We take great pleasure in sending you herewith our brochure entitled "Design For Gracious Living" and we hope that it will give you a fair idea of the wide range and quality of D.C.M. fabrics and designs.

Textile manufacturers as a rule reach their patrons through press advertisements. But this approach has obvious limitations both in presentation and the readers' reaction. Consequently, more often than not, people miss valuable information regarding the latest styles in textile weaves and designs, new shades and textures.

Through this brochure you will be able to know at a glance the wide range of fabrics produced by D.C.M. for your home and personal wardrobe. These fabrics are made available to you direct through the net work of 300 D.C.M. Retail Stores all over India at fixed and mill regulated prices. This not only saves our esteemed clients unnecessary bother and vagaries of the middlemen's profits but offers them a complete range of household and personal requirements at one shop and saves them valuable time also.

Our aim, thus it will be seen, is to come direct at the service of the consumer.

A new experiment which D.C.M. are conducting is in the direction of production of seasonal range of weaves and designs not only in dress materials but also in other household fabrics such as furnishings, towels, etc. For every season a new set of fabrics will be offered for sale along with the new designs that are being created by D.C.M. from day to day.

It may also be of interest to you to know that D.C.M. produce over 120 million metres of cloth every year and employ over 20,000 people. D.C.M. export textiles worth about Rupees 2.80 crores annually. The Company's interests are not limited to textiles only. D.C.M. are well known as manufacturers of several popular products such as "Rath" vanaspati, a big range of chemicals, confectionery, sugar cubes and fertilisers, etc. Every year brings new vistas into sight for further expansion and modernisation for the benefit of its millions of consumers and patrons as well as thousands of participants.

We sincerely hope that this effort on our part will help to keep you better informed about our general activities.

Yours sincerely,
For the Delhi Cloth & General Mills Co. Ltd.

N. R. Dhasdin.
